

# WILLIS DELEGATES ADOPT "UNINSTRUCTED" POLICY

## State Investigator Recommends New City Hall

## FREEDOM TO ACT PLAN EXPRESSED IN RESOLUTIONS

### SOLONS ACCEPT OFFER OF FUND FOR 2 FIREMEN

Order Legislation Drawn  
For Appointment Of  
Additional Men

### DELAY ACTION ON PERSHING PAVING

Maintenance Of Disposal  
Plant Discussed; Up  
To Committee

The offer of the Manufacturers association to provide funds for the salaries of two additional regular firemen for night duty from May 1 to Dec. 31 was accepted by city council Tuesday night.

Council, on motion of Councilman W. U. Filler, ordered legislation drawn for the appointment of these firemen.

Included in the legislation will be the provision that the office of lieutenant of firemen be created so that No. 2 platoon will have a directing head on night duty. The inclusive legislation will be passed at the next meeting as an emergency measure so that the men may be ready to take their posts on May 1.

The city has no available funds to pay these men. All money has been appropriated. The manufacturers after a conference with Mayor Phil Hiddleston and Fire Chief Vincent Malloy, generously agreed to bear the financial burden for the balance of this year.

**Sewage Plant Maintenance**  
As a result, the fire insurance rates will not be increased. Underwriters had threatened to raise the classification of property here to No. 4 from the present 3½ class if more firemen were not added.

Maintenance of the new sewage disposal plant, which is to be built this year, was brought before council by City Engineer F. S. Barckhoff, and the sewers committee was instructed to meet with Barckhoff and formulate a plan for such maintenance.

The engineer stated that the time is approaching when the state will insist that measures for maintenance be passed, and that council should anticipate any such steps by having a plan formulated.

The plant still is on paper, due to the large amount of work on the plans. An augmented force of draughtsmen and engineers has been aiding Barckhoff in the drawing of the plans, and this work will soon be completed. Another aide was placed on duty just recently to help speed the work.

Steps will not be taken before the next meeting, at least, toward the surfacing of East Pershing ave. from Depot to Lincoln, as a result of council's action last night.

**Estimate of Cost**  
Engineer Barckhoff submitted his estimate of the cost of the work, which would be \$7,042.80, divided into \$3,591.83 as the city's cost and \$3,450.97 as the property owners' share of the cost. Front foot cost between Depot and Lundy was estimated at \$1.218 and between Lundy and Lincoln, \$1.535.

Councilman Max Adler moved that council order legislation drawn. (Continued on Page 4)

### LONE EAGLE IS ENJOYING REST

Quiet Seclusion Is Found  
By Lindy On Estate  
In California

Santa Barbara, Calif., April 4.—Rest, at last. Weary of the world's stormy adulation, Col. Charles A. Lindbergh today is enjoying a respite from his role of the world's most overworked hero.

That long-remembered withdrawal from the limelight has at last eventuated. The Lone Eagle has found quiet seclusion on the country estate of Mrs. Harry F. Knight, a few miles from Santa Barbara. There he will remain indefinitely, according to his friend, Harry F. Guggenheim, president of the Guggenheim Foundation for the Advancement of Aeronautics.

Rumors began to fly about, most of them to the effect that the transatlantic ace had taken off for San Diego to take possession of his new made-to-order Ryan plane.

Hours after his departure from Santa Barbara, Guggenheim finally revealed that the flyer had gone to Mrs. Knight's estate, where he will be a guest for an indefinite time. Newspaper and camera men, Guggenheim warned, will not be admitted to the Knight home as long as Lindbergh remains there.

### WILL DOLLY FOLLOW DOLLY?

The announcement of Roszika Dolly's secret wedding to Mortimer Davis, Jr., Canadian sportsman, has given rise to rumors that her sister, Yanesi (right) may marry H. Gordon Selridge (left), former Chicagoan and millionaire London department store owner. It was formerly said that Yanesi would have married to the altar with Mr. Selridge but for her reluctance to leave her famous theatrical partner and younger sister.

## Grade Elimination Urged By Council

City Solons Urge State  
To Proceed As Soon  
As Possible

Taking action on a motion by Councilman Max Adler, city council last night ordered City Solicitor Cecil K. Scott to prepare a resolution, to be passed at the next meeting, urging the state to proceed as soon as possible with the proposed plans for the elimination of the grade crossing of the Pennsylvania railroad on the Lisbon rd.

By this action, steps, begun here, toward this grade elimination, thus are brought to a head, and the city will thus swing a powerful moral weight in the direction of the elimination.

As pointed out recently by State Civil Service Commissioner Ralph W. Emmons in a letter to The News, such resolutions passed by

both city and county are necessary in that they show how the community feels, and speed action by the state highway department.

Emmons, as representative from this county, secured the passage of a new law, setting aside from the gas tax annually, one million dollars for the payment of the state's portion of the elimination of grade crossings. He then went further and recommended two eliminations for this county, which are the Lisbon rd. crossing here and the East Rochester crossing near his home.

The Lisbon rd. crossing is not in the city, and such work will not cost the city a cent but the moral weight of a resolution urging such an elimination will have a distant force, Emmons believes.

At the previous meeting, the need of such a resolution was called to the attention of council by Atty. K. L. Coburn.

### ROTARY ELECTS 1928 OFFICERS

Officers were elected at a meeting of the Rotary club Tuesday at the Elks home, the list having been nominated a month ago without opposition.

These officers are: President, R. S. McCulloch; vice-president, J. Clyde McKee; secretary, E. F. Hauser; treasurer, F. R. Pow; directors in addition to the officers, C. C. Gisson, F. P. Mullins and W. L. Strain. The new officers will not begin their duties until July 1, owing to a change in the calendar of International Rotary.

Members of the club were interested in a talk by Chas. E. Tolerton, who has just returned from a motor trip to Los Angeles. He described his trip and told about his observations in California.

### Secret Service Co. Is Sued For \$50,000

Cleveland, 7.—Paul C. Morris, of Rexford, a former living in Youngstown, has filed a damage suit in federal court today for \$50,000 against the Secret Service company.

The suit charges that M. W. Carney, agent, assaulted Morris at his home in Youngstown October 8, 1927, when Carney came to collect a check Morris said he had given a gasoline dealer.

### Mrs. Goodhue Makes Struggle For Life

Northampton, Mass., April 4.—Mrs. Lemira Goodhue, mother of Mrs. Calvin Coolidge, was reported making a brave struggle to recover at Dickinson-Coolidge hospital today. Mrs. Coolidge planned two visits to the bedside of the sick woman today.

### FIRE RISK TOO GREAT FOR CITY GRIFFIN CLAIMS

Social Investigator Also  
Criticizes Condition  
Of Salem Jail

### SUBMITS REPORT TO SAFER RUGGY

Urges Use of Vermicide  
In Jail; Construction  
Not Sanitary

Recommendations that Salem build a new city hall and new jail were made today by S. C. Griffin, social investigator for the state department of public welfare.

Griffin criticized the condition of the jail, and rapped the fire risk in both the jail and city hall, declaring that the city "can ill afford to assume the risk incurred by the present building."

The recommendations, and report of conditions are contained in a letter received today by Safety Director Rex W. Ruggs. Griffin made his inspection last week. His complete report has been given the state department.

**Prisoners Have Vermin**  
Griffin recommends a liberal use of vermicide each day in the jail, and immediate action when a prisoner is found with vermin. He said that he was informed at the county jail that prisoners brought there from the Salem jail usually have vermin.

Mayor Phil Hiddleston today blames vermin in the jail on "sleepers," as bums and wanderers are called. He said it is seldom that a regular has vermin.

On one night recently there were 17 people in jail, 14 of whom were sleepers. They filled the available cells and slept on the floor of the "bull pen." It is impossible to turn these men down because they have no other place to sleep, the mayor says.

Chief of Police T. W. Thompson said that vermicide is used, and that each morning the sleepers are required to help clean up.

Griffin's letter to Ruggs follows: "Following a recent inspection of the Salem City jail, we recommend as follows: A liberal use of some form of vermicide every day and vigorous action when a prisoner is found with vermin."

"After visiting the Salem City jail, we learned at the county jail that prisoners from the Salem jail usually have vermin."

"We were impressed with the good order in the Salem jail notwithstanding the unsanitary conditions under which it is built. The absence of any natural light in a jail, is a serious handicap and violates one of the first principals of jail construction."

"The fact also that the City Hall in which the jail is located is a serious fire risk, requires great caution for readiness to release prisoners who are helpless in case of fire."

"It is needless to say that Salem should have a new City Hall and jail, and can ill afford to assume the risk incurred by the present building."

### MAKES RECORD IN PRODUCTION

The Mullins Manufacturing corporation broke all production records in March, it was learned today. The month was the greatest single period in the history of the company and the record made was an enviable one.

The company shipped 200 solid freight cars of products out, this being in addition to local shipments of less than carload lots.

## Remus Thru With Bootlegging Holds No Desire For Revenge He Says, Revealing His Plans

**BY JAMES L. KILGALLEN**  
New York, April 4.—"I'm going to live for my mother and my daughter—to make their lives happy. And I'm through, forever, with bootlegging."

"I'm holding no enmity, no desire for revenge. Franklin L. Dodge does not interest me in the least."

"I am, however, writing a book of my personal experiences which I think will be interesting."

**Reveals His Plans**  
From the madhouse in Lima, Ohio, George Remus, acquitted white slayer and former millionaire "king of the bootleggers," sent this information today in response to a telegram inquiring into his plans if he is released from the Lima state hospital for the criminal insane in a few days, as he expects to be.

### Speaker To Discuss Sales Methods

### BUSINESS TALK BY DAYTON MAN

Better Business Bureau  
Plans Dinner Meeting  
Thursday, Apr. 12

Arrangements have been made for the appearance in Salem of L. H. Buisch, merchandising authority from the National Cash Register Co., at Dayton, who will speak before the Better Business Bureau at 6:30 p. m. Thursday, April 12, at the Memorial building.

This is to be a dinner meeting, followed by Buisch's address, and clerks and other employees of the Salem merchants will be their guests. Other entertainment will include dancing to the tunes of Finley's Melody band and cards.

The address to be given by the Dayton speaker will be of interest to merchants, salespeople and business men generally, because of his intimate association with the latest developments in retailing and his background of thorough study in merchandising, according to reports from other cities where he has spoken.

In his address, the speaker will deal with the modern methods of building better retail business. It is announced. The most successful selling methods, plans for co-operation between merchants, ideas in buying and selling, store service and store management, all will enter into the discussion. The importance and proper use of advertising will be dealt with thoroughly by the speaker.

Every point in the address will be illustrated clearly by numerous charts. These graphic illustrations serve to distinguish the discussions on better retailing given by Buisch from the ordinary business talk.

### DAM FOUNDATION BAD, IS FINDING

Los Angeles, Cal., April 4.—A faulty foundation caused the collapse of the St. Francis dam, the special investigating committee of engineers reported today.

### Borah Makes Issue Of Refund Campaign

Washington, April 4.—Senator William E. Borah (R) of Idaho plans to make an issue at the Republican national convention in June of his campaign to raise \$100,000 to refund the donations made by Harry F. Sinclair to the Republican party in 1923, he announced today.

## 5 MEN INJURED AS NEWSPAPER PLANT BURNS

Scranton, Pa., April 4.—Five men, three of them reporters, were burned about the hands and face, and a hundred other employees jumped from windows and rushed to safety on fire escapes early today when fire destroyed the Scranton Republican, the city's only morning newspaper.

No estimate of the loss has been announced as yet, but it will run to \$400,000.

**Repairs S-4**  
Boston, April 4.—Plates were welded into the steel hull of submarine S-4 today in dry dock at Charlestown Navy Yard as work of repairing the ill-fated submersible was underway.

**THE KILBREATH MILLINERY IS FORCED TO MOVE AT QNCE AND WE WILL OFFER OUR STOCK AT A SACRIFICE.** 79a

### SLOCUM CHOSEN BY COUNCIL FOR M'NEELAN POST

Councilman-at Large, Ill.  
Resigns and Democrat  
Takes His Place

### SLOCUM ELECTED OVER MRS. HECK

McNeelan, Ill Since His  
Election Last Fall,  
Never Took Seat

James E. McNeelan, Democrat, resigned his unexpired seat as city councilman-at-large Tuesday night in a written communication to city council, and council elected George F. Slocum, also a Democrat, to serve the unexpired term of McNeelan.

McNeelan gave ill health as the reason for his resignation, and council accepted it with extreme regret. On motion of Councilman Max Adler, council will send, through Clerk Frank Griffin, a letter expressing council's regret over the resignation and wishing McNeelan a speedy recovery.

Slocum was named a solon by a vote of four to two over Mrs. Anna Heck, Republican, a former councilwoman. Slocum was nominated by Councilman Frank L. Rollins, Democrat, and Mrs. Heck was nominated by Mrs. Anna Stratton, Republican councilwoman.

**Slocum Active in Politics**  
President H. A. Gager called for a written ballot, and the result indicated the full Democratic floor strength was thrown toward Slocum, and also that a Republican voted with the Democrats. Adler, before the meeting, was known to favor Mrs. Heck, so it was taken for granted that Councilman W. U. Filler cast his vote for Slocum.

Slocum, who lives on Newgarden st., was defeated last November when he made the race, as a Democratic nominee, for councilman-at-large, the office to which he was named last night. He is a foreman in the employ of the Mullins Manufacturing corporation and always has taken an interest and sometimes an active part in politics.

Slocum was notified informally by phone of his election, and he stated that though he is ill at the present time, he expects to qualify and take his seat by the next meeting.

**McNeelan Popular**  
McNeelan, one of the most popular figures in his party in Salem, and liked by many of opposite political faith, as was indicated by Republican praise of him by both Adler and Filler last night, has been ill since he was elected last November.

He had hoped to recover sufficiently to take his seat, but as he pointed out in his letter, the state of his health has continued to be such that he has been prevented from active work in council.

"I am sure that all members of council regret sincerely that his health is such that he believes he will not be able to serve," said President Gager. "He has expressed to me the opinion that it might be a long time before he could be active, and that in justice to the public, to council and to himself, he should resign." Gager added.

With Slocum's election, council now will have full seven members. The end chair in the at-large section will be assigned Slocum.

### NEED 30 HOUSES ASSERTS MAYOR

Mayor Phil Hiddleston announced today that a public meeting will be held this month to stimulate interest in home building here.

He was in conference yesterday afternoon with H. L. Rickert of the Home Savings & Loan company in regard to the financing of a project for greater home building in Salem.

"There is need for 30 five-room houses right now," Hiddleston said.

### Refuses Marshals To Guard Election

Washington, April 4.—Atty. Gen. Sargent today refused the request of the United States marshal at Chicago for authority to appoint 500 deputy marshals to supervise the election in Chicago, April 10.

### Cox Case Delayed

New York, April 4.—James M. Cox, Jr., Yale student and son of the former Ohio governor, was granted an adjournment today until Monday when he was arraigned on charges of assault, driving while intoxicated and leaving the scene of an accident.

**SKATER KILLED**  
Painesville, O., April 4.—After being struck by an auto while roller-skating, Robert Cox, 8, son of Mr. and Mrs. William Cox, Perry, O., near here, died of a fractured skull.

## Indications Are Willis Delegates Would Vote For Coolidge, Dawes, Hughes Or Lowden; Conference Is Held

Columbus, April 4.—Decision of Willis candidates to seek election at Ohio's presidential primaries on April 24, as an uninstructed delegation from the Buckeye state to the Republican national convention was interpreted today by leaders at Hoover state headquarters as "enlarging the scope of the contest from that of Hoover against Ohio's 'favorite son' candidate to that of Hoover against the field."

Hoover leaders announced that, as a result of the action taken here last night by the Willis candidates for delegates when they adopted a resolution placing themselves in the "uninstructed" classification, prominent persons from various parts of the United States will be brought into Ohio to speak in support of the Secretary of Commerce Herbert Hoover's presidential candidacy.

**Favor "Big Three"**  
Indications that Willis delegates, if elected, would vote for the re-nomination of President Calvin Coolidge, or would support a movement to nominate either Vice President Charles G. Dawes or former Secretary of State Charles E. Hughes, if developments at the Republican national convention rendered such action opportune, were embodied in the resolution adopted at the end of a five hour session.

"The resolution expressed the opinion that the 'delegation' representing the Republican party in Ohio should be free to act in harmony with the sentiment to nominate Coolidge, 'if events should make his nomination appear expedient and acceptable to him.'"

Referring to Hughes, the resolution read: "Charles E. Hughes, should he permit his name to be considered, would find a sympathetic response among us and some of the delegates will make him their choice."

**Reference To Dawes**  
The resolution contained the following reference to Dawes: "Ohio is proud of her native son, Vice President Charles G. Dawes. His accomplishments are too well known to require repetition. He is not a candidate and has announced his allegiance to his lifelong friend, Gov. Lowden, but, should conditions result in placing his name before the convention, he will have our hearty support."

"In other words," the resolution continued, "the Willis delegation, if elected, will be as nearly an uninstructed delegation as could be selected under the Ohio laws."

In accord with this resolution, the Willis candidates, it was understood, will not, so far as the printed ballots are concerned, alter their selection of the late U. S. Senator Frank B. Willis as their "first choice" for the presidency. Their second choices, also, remain unchanged. Gov. Lowden was named as second choice by 34 of the 51 Willis candidates for delegate.

**18th Delegates Agree**  
All candidates for delegates and alternates from the 18th district attended this conference and joined in the unanimous adoption of the resolution. This means that they will seek election as uninstructed delegates, free to act in harmony with the sentiment to nominate the strongest candidate at the convention.

The 18th district delegation includes: Mrs. Wilma Sinclair LeVane of Steubenville, delegate-at-large; L. H. Brush, Salem, and H. L. Wickersham, Steubenville, delegates; George Tihlin, Carrollton, and H. H. Murphy, Barnesville, alternates.

**Name Gov. Lowden**  
"In accord with the provisions of the statute, each of us has made a second choice. Gov. Frank O. Lowden of Illinois, was chosen by 34 delegates. Hon. Charles Curtis of Kansas, by eight, and Col. Fishback, by one."

**Need 30 Houses Asserts Mayor**  
Mayor Phil Hiddleston announced today that a public meeting will be held this month to stimulate interest in home building here.

He was in conference yesterday afternoon with H. L. Rickert of the Home Savings & Loan company in regard to the financing of a project for greater home building in Salem.

"There is need for 30 five-room houses right now," Hiddleston said.

### Refuses Marshals To Guard Election

Washington, April 4.—Atty. Gen. Sargent today refused the request of the United States marshal at Chicago for authority to appoint 500 deputy marshals to supervise the election in Chicago, April 10.

### Cox Case Delayed

New York, April 4.—James M. Cox, Jr., Yale student and son of the former Ohio governor, was granted an adjournment today until Monday when he was arraigned on charges of assault, driving while intoxicated and leaving the scene of an accident.

### Skater Killed

Painesville, O., April 4.—After being struck by an auto while roller-skating, Robert Cox, 8, son of Mr. and Mrs. William Cox, Perry, O., near here, died of a fractured skull.

death of a candidate in the midst of a campaign after such qualifications have been effected. The ballots are already prepared within contemplation of law, and in this case, as a matter of fact, are actually printed, and many votes have been cast under the absent voters statute. No change can now be made in the ballot.

The name of the late Senator Willis will appear on both the delegate and preferential ballot. This situation is entirely satisfactory to the friends of Senator Willis. They would not change the ballot if it were possible to do so. They have enlisted in his cause which they believe to be the cause of true Republicanism, and they are now content to let the Republicans of Ohio express themselves on the ballot as prepared.

**Name Gov. Lowden**  
"In accord with the provisions of the statute, each of us has made a second choice. Gov. Frank O. Lowden of Illinois, was chosen by 34 delegates. Hon. Charles Curtis of Kansas, by eight, and Col. Fishback, by one."

**Copu of "The Raven" Brings \$7,500**  
New York, April 4.—Edgar Allan Poe's own copy of the first edition of "The Raven" is valued today at \$7,500.

The book was sold for that sum at an auction here.

### Tells Quota Club About Florida Trip

Mrs. J. W. Hendricks gave an interesting talk about her recent trip to Florida at a dinner meeting of the Quota club Tuesday evening at the Elks home.

Miss Lenora Starr had charge of the entertainment and presented a guessing contest. Honors in this were shared by Miss Mary Oesch, Miss Iva Hoopes and Mrs. Myrtle Winkle. The next meeting will be in two weeks.

### Girl Hurt By Auto Salem Boy Drives

Columbus, April 4.—Violet Daniels, 10, is suffering here today from bruises sustained yesterday when she was struck by an auto said to have been driven by Wade Loop, Salem, according to a police report.

## COST OF A FAIR SITE

Even though later exhibitions are called to mind, we believe it will be conceded that the city of Chicago put on the finest and most artistic world's fair of history. Assuming this to be true, it is evident that she proposes to surpass in 1933 the great exposition of 1893.

Looking to this big event of five years hence, the trustees of the proposed "World's Fair and Centennial" celebration, have approved the general proportions of the preliminary sketch of the ground plans which call for the construction of an 800-acre island off the lake front and the possible construction of several smaller islands. This main island—possible smaller islands not being as yet fully considered—is to be completed by the middle of 1931 and given a full year in which to settle, leaving a year for the construction of buildings.

Other features disclosed in the report of the meeting of the fair trustees are a great lagoon, a stadium, a runway for aeroplanes and an anchorage for dirigibles. The report reads:

A four and one-half mile lagoon crossed by four permanent bridges will run between the island and the mainland.

"A stadium large enough to seat 55,000 people, to be situated on the west shore of the island and thus opposite Soldier's field, is suggested in the plans. The proposed stadium would face so as to command a view of the finishing stretch of the water course which will be wide enough for four eight-oared shells abreast of each other.

"A V shaped runway, each side of which would be 3,100 feet long and 400 feet wide, and an anchorage pier for dirigible balloons are planned for the airport, proposed for the 800-acre island."

Some appreciation of the magnitude of the financial undertaking Chicago plans to take on may be had when it is stated that the cost of the construction of the 800-acre island alone has been estimated at \$20,000,000.

In the light of the awful failure of the Philadelphia exposition, it is going to take a lot of courage on the part of her citizenship to maintain the city's slogan, "I Will!"

## HELPING CRIMINALS

Judge Marcus Kavanagh of Chicago, writing a book on "The Criminal and His Allies," estimates that there are 350,000 men and women in the United States who make their living, wholly or partly, by crime.

It's a poor living in most of the cases, but still a living, and one which costs the public more than the criminal gets out of it.

What produces such an army of professional criminals? Judge Kavanagh lists these causes: "Public spathy, quibbling, courts of review, augmented legal processes, new processes designed to protect the criminal rather than the public, and unscrupulous lawyers."

It looks as if most of the blame rests on the legal profession, aided and abetted—or inadequately criticized—by the public.

At any rate, the lawyers are in a strategic situation. If they tried as hard to improve legal processes as doctors try to improve doctoring, or engineers to improve engineering, crime would be far better controlled.

## What Others Say

### THE YANKEE MOTOR CAR

The American automobile industry has Italy to thank for starting movement designed to restrict importation of American made motor cars by European countries. It is, however, by no means clear that Europe as a whole will "fall" for the plea. Some of the largest European manufacturers have already gone on record against it and with reason.

At this time America supplies more than 75 per cent of the motor cars in use in Europe—a fact which speaks convincingly for the general popularity of the American product. It indicates, too, that European manufacturers are still far from being in a position to satisfy their domestic demands. To be able to do that they must not only admire, they must apply, American methods of mass production. For such a purpose they need

capital in amounts not easy to find lying around loose overseas. A solution might be found in the formation of an international automobile cartel similar to those already existing in steel production and other fields. But even so, with American cars held down to import quotas, with European production inadequate in volume and unsatisfactory in quality, the continent would probably be condemned to an unpleasant era of adjustment.

There are branches of industry in which the European nations may hope, by means of cartels, to meet their own needs and even to compete effectively with America in world markets. But automobile manufacturing is not yet among those branches, unless Europe decides to give up riding while her own producers make ready to replace the favorite, but excluded, vehicles.

The present supremacy of American motor cars in the English market has resulted from a hard struggle with handicaps and obstacles. Under the recognized code of trade sportsmanship the success is richly deserved. It is, moreover, the upshot of the working of economic factors against which a typical European cartel is not likely to prevail without injuring those in and outside such a combine.—Detroit Free Press.

## THE OIL DISPUTE ENDED

By signing the amended Mexican oil law regulations, President Calles closed a long and unpleasant controversy between the governments of the United States and Mexico. Both countries have reason to rejoice over the event.

The oil dispute between the two nations began shortly after the promulgation of the Mexican constitution in 1917, containing provisions which, in the view of Washington, could be given retroactive and confiscatory effect in their application to the property rights of American citizens in the southern republic.

Mr. Calles disclaimed all idea of trying to enforce the constitutional clauses in a retroactive or confiscatory sense. But, nevertheless, the regulatory law of 1925 did menace the property rights of Americans acquired prior to the coming into force of the new basic law of Mexico. It was confiscation to require Americans holding such established rights to surrender them for 50-year confirmatory leases.

This was Washington's contention and the supreme court of Mexico last winter declared that the Calles regulatory law did in truth have confiscatory and retroactive tendencies in violation of the spirit of the 1917 constitution. President Calles accepted the verdict and took steps to amend the regulations.

The story of the dispute could scarcely have reached its happy climax as soon as it did without the presence in Mexico of the New American ambassador, Dwight W. Morrow, who accomplished more in four months of personal negotiation with Mr. Calles than had been achieved by years of diplomatic correspondence. Under the amended regulatory law, the oil and land rights of Americans acquired before May 1, 1917, are deemed by the state department to be as safe as can be expected. With this assurance, American oil companies in Mexico may still refuse to conform to the new legal requirements, but they will do so in the knowledge that they can not count on further diplomatic backing by Washington.—Detroit Free Press.

## Editorial Quips

It seems strange that the last still unearthed is always "the biggest one yet discovered."—Philadelphia Inquirer.

How knowledge grows. Now that the sixth vitamin has been discovered we know there are five others.—Detroit News.

We are beginning to believe that a republic really is a place where everybody has the right to run for president.—Miami News.

Machinery, it is predicted, will fight the wars of the future. And what will the cooties do then, poor things?—Hamilton Spectator.

However, the one-piece bathing suit will not go out of style just because Atlantic City isn't going to exploit it any more.—Detroit Free Press.

There are four persons in the average family, which goes to show that the average family will soon need a four-car garage.—Boston Transcript.

The president of the Fashion Art League of America declares that Gibson-girl hats and long skirts are inevitably coming. Do the girls know it?—Boston Globe.

Then again, if it were put to Judge Lindsey this way: Does complicitate marriage pay? the judge would be forced to admit that at \$2,000 a debate on the subject it pays fairly well indeed.—Springfield Union.

The Episcopal church has discovered an "alarming leakage" of collegians from membership. Higher education is blamed as a kind of syphon that is drawing young people out of the church.—Chicago Herald and Examiner.

Mrs. Pratt, of the New York board of aldermen, estimates that her colleagues are "worth just about as much as the chairs they sit on." It does seem as though the city should be able to afford a better grade of furniture than that.—Philadelphia Record.

The expression "The games not worth the candle," arose when candles were expensive and card-playing for money was prevalent. Small stakes meant that the illumination came to more than possible winnings.

## Twenty Years Ago

(Issue of April 4, 1908)

Coal will not be at all scarce in Salem during the suspension caused by the miners strike. There is a six weeks supply in Salem. It is estimated that fully 13,000,000 bushels of coal are stored in cars along the railroads in the Pittsburgh district.

Lisben—There have been comparatively few marriage licenses taken out in probate court this year. During March there were 37 and in February 36.

Alliance—The people of Alliance have pledged \$10,000 toward the purchase of a new opera house.

The board of health at Leetonia has set aside April 8 as cleanup day.

Abraham Zimmerman, an aged man who lives near Washingtonville, had a harvest of 42 gallons of maple syrup from his camp this spring.

Minnie Kutz and William Greenstein, this city, have been granted a marriage license at Salem.

The far horse is being partially displaced by the gasoline engine and other sources of motive power. A local firm has sold 50 engines during the past year.

In Washingtonville milk has been reduced to five cents a quart.

Mr. and Mrs. Morrill Bates, of Franklin ave., are the parents of a daughter, born Thursday evening.

Glazed kid is coming into popular favor as a shoe leather.

Canada has 58 pulp mills and 46 paper mills, producing 3,400 tons daily.

Elliott Flower, a Chicago newspaperman, is making a trolley trip from New York to Chicago. Flower arrived in Cleveland Thursday afternoon traveling 508 miles for \$10.10. He had to 232 miles out of his way to keep on the trolley.

Thirty-five couples attended the spring dance given at the Calumet club by the High School Athletic association.

**Tomorrow's HOROSCOPE**  
By Genevieve Kemble.  
THURSDAY, APRIL 4.  
Yielding is sometimes the best way of succeeding.—Proverb.  
Variable conditions obtain on this day, according to the mutual and lunar aspects. While affairs may prove lively, a certain jeopardsy attends the financial status. New agreements may be taken under advisement, but precaution should be used in signing all papers relating to money or new projects. Diligence and perseverance should bring due returns. Judging by the sextile figure of Luna to Saturn, the employment should be safeguarded. Those whose birthday it is may have a year of variable fortunes. While labor and diligence may be stabilized, employment should be safeguarded. Finances should be protected, speculation shunned and new projects cautiously managed. A child born on this day should be clever and versatile, but disposed to extravagance and reckless use of money. Its enlarged ambitions may lead to failure unless precaution, prudence and thrift be instilled in youth.  
Notable Nativity: Mary Pickford, motion picture star.

## Urges Doctors Give Birth Control Dope

Chicago, April 4.—Birth control information should be given out by the family doctor, like information on how to cure Johnny's cold, or what kind of a diet to use for reducing.

Mr. William A. Pusey, former president of the American Medical association, advocates such a policy as a means of improving the race, he told the Chicago Forum.

The question of birth control has been stirring medical circles in Chicago recently. Race suicide, according to Dr. Pusey, will not result from information scientifically offered by the medical profession.

A campaign against the employment of young children in factories and other places where they are compelled to work long hours has been begun in Mexico City.

## WOMAN'S DREAM COMES TRUE

At last you find a new wonderful face powder that keeps ugly shine away. Will not enlarge the pores, and spreads so smoothly the skin looks like a peach. MELLO-GLO is made by a new French Process and stays on longer. Good looking, well groomed women simply love this marvelous new Face Powder—MELLO-GLO.

# IF YOU ARE GROUCHY YOU'RE NOT WELL

By Royal S. Copeland, M. D.  
United States Senator from New York. Former Commissioner of Health, New York City.

Lamarine said: "Joyousness is nature's garb of health."

This is, indeed, a solemn truth. When perfect health of body exists you are likely to find associated with it sweetness of spirit and joyousness of mind.

A cross child is almost always a tired or sick child. A peevish, irritable, ugly man is likely to be a worn-out, or sick man. Joyousness on the contrary is an evidence of health.

Anger, especially uncontrolled anger, is bad for the health. Almost as quickly as anything can do it, anger will derange the digestion, produce

a headache and give you a feeling of real illness.

Mind and body are so intimately related that it is hard to tell which comes first—a sick body or a disturbed mind. If there are abundant health and perfect digestion, it is very certain the mind will be at rest and laughter will be near the surface.

Likewise if the mind is at peace, the functions of the body are carried on with little disturbance. Fear, remorse, hatred, anger—these will disturb the whole body.

I have no doubt we need the trials and unpleasant experiences of life to develop character. But it would be a wonderful world, for a time, anyhow, if weather were perfect, business good and life going by like a song. Joyousness would reign supreme.

I wonder if we would tire of such an existence? Personally, I love the seasons, but there is no doubt that the even climate of a state like California is wonderfully appealing. But when Lamarine talked about "joyousness" it is not probable that

he had giggling idiocy in mind. He referred, I assume, to that lightness of spirit that accompanies duty well done, every task honestly attempted to and a full day's work accomplished.

There is a joyousness in doing every task as well as you know how. Such an attitude of mind rests the tired muscles, takes the kinks out and in every way lightens the burdens of life.

It makes no difference which comes first—health or joyousness—does it? But who can doubt that they are twin sisters—peace of mind and soundness of body?

When I meet a grouch, ill-tempered, ugly man, I want to look at his teeth and throat, to acquire into his eating habits and to find out if his elimination is normal. Nine times out of ten you will find that such a man has something wrong with his physical system.

But when a whistling boy comes tearing down the street, a broad grin on his face, you can wager that he is in vigorous health. Joyousness is nature's garb of health.

Cultivate cheerfulness, but guarantee it by having a vigorous, normal body.

Answers to Health Queries  
N. Y. A. Q.—What will take seed waste off?

2.—What is the cause of a small

bald spot on the scalp? I have a little dandruff.

A.—This requires special treatment, but they can be removed entirely within a short period of time. For full particulars send a self-addressed, stamped envelope and repeat your question.

2.—This condition may be due to alopecia areata. For details send a self-addressed, stamped envelope and repeat your question.

S. S. Q.—What is the cause and cure for a sour stomach?

A.—This condition is due to hyperacidity and may be remedied by

correcting the diet. For particulars send a self-addressed, stamped envelope and repeat your question.

Atlantic City—B. George Ullizo considers a set of books so valuable that they are locked up in the vaults of a bank with which he is connected. Each of the 29 volumes was once owned by a president of the United States. Each bears the signature of a chief executive and marginal notes. The book once owned by President Harding is on baseball and contains this note: "You stretch in the seventh inning." The set cost Ullizo \$28,000.

## Recognize the Best Easter Frock by Its Sheerness

If you're in something of a quandary as to what sort of frock you should choose for Easter, keep in mind that sheerness is a synonym for smartness this spring. And make it a point to see these dresses that are so delightfully feminine.

\$16.50 \$25 \$35

## The Jacket Dress Is Style-right

The dress that has a jacket accompanying it—a jacket that appears to be really a part of its own design—is style approved.

\$39.75

## The Printed Silk Continues Good

As right for Easter wearing as it has been right since the birth of spring—is the frock of printed silk. Fresh new patterns appear in these.

\$25.00

## Flowers

As long as you have definitely made up your mind to have a corsage, why not choose one now for Easter wearing?

35c to \$2.00

## Neckwear

Some bit of neckwear may be necessary to accomplish chic for you on Easter day. Perhaps a charming vestee to accompany your tailored suit. Let us say a vestee in heavy crepe de chine, smart with hand-fagoting.

59c to \$3.50

## Scarfs

If you'll be needing a scarf, fresh as an April breeze, here is where you should choose it. The polka dot prints have invaded our scarf department and the jauntiest scarf imaginable is waiting for you here. Priced at

\$1.95 to \$2.50

# Easter

In the Easter bouquet of fashions, what charming things there are! Frocks more sheer, and soft, and truly feminine than in many seasons. Coats that owe their charm to a half dozen widely different details. Two-piece suits to delight the heart of her who dotes on tailored themes. And ensemble costumes that are briskly sportslike or else exquisite for dress-up occasions. Lovely fashions too many to mention—so that a visit seems the only means to learning about them all.

## The Tailored Suit Is a Right Costume for Easter

On Easter day in the morning, there'll be suits by the score on the streets. Suits of twill and tweed skillfully accorset. Some of them, you'll know by their distinctiveness, will have come from our collections. If you have not chosen yours, make haste to do so that there may be ample time, for choosing its important complements. Do all your shopping here.

## Millinery

## Millinery

SMALL matter if you have yet to choose your Easter hat. One jaunt through our millinery department and you will have discovered the perfect hat for topping your Easter costume, whether that costume is a suit, ensemble or beautiful satin frock. For here are the shiny straws that fashion favors most, the hats of cellophane fabric and felt, all of them Easterly looking.

## The Ensemble Theme Is Style Supreme for Easter

Every smart woman wants an ensemble costume that will retain its fashion worth through the summer. Many have already chosen theirs here, where the very best ensemble ideas appear. We want you to see the costumes, combining printed frock and woolen coat.

\$16.50 and Up

## Ensembles

If you would like to have for Easter a costume that will fit in with your sports engagements late, choose an ensemble developed in the fashionable modes.

\$25.00

## A Satin Coat

No smarter coat will saunter in the April eighth parade than the satin coat. A very lovely one may be had at

\$59.00

## Purses

The modernistic handbag has spice to add to the Easter day costume. It is a handsome thing in leather and a handsome thing in novelties. Choose it in either at the interesting small price of

\$2.95

## Jewelry

Modernistic jewelry has arrived just in time to enliven the Easter parade, with its huge brilliant stones and its curious forms. A large collection includes choker necklaces and link bracelets, pins and belt buckles.

29c to \$3.95

## Gloves

Gloves tailored to a nicety, come in a range of beiges and grays to satisfy the most ardent devotee of ensemble fashions. Here she may match her hosiery, her handbag or her hat, exquisitely.

\$1.00 to \$4.75

## INTERESTING FRENCH CHAPEAUX IN SPRING MODE

Mary Duncan (left), screen vampire, wears this snappy little beige felt with grosgrain ribbon, simple in its arrangement, in all of her sport activities. Petite June Collier (center) dresses up for informal affairs in a neutral colored French felt decorated with a flesh and brown pompom.

At the right is a new variation of the cloche with a combination of bang-kok crown and velvet brim caught up in front with a pin of onyx and brilliants. Of course, Virginia Valli adds considerable charm to the model.

SENIOR CLASS  
TO STAGE PLAY

Seniors of Leetonia To Offer 'Suicide Specialist,' Comedy

Leetonia, April 4.—The senior class of the Leetonia High school has started practice for the senior class play to be given Wednesday, April 18. The play is a comedy entitled, "Suicide Specialist," and has the following cast:

Dr. Charles Milton, a suicide specialist, Galen Peppel, Marian Bedford, a nurse, Adrienne Holland, Clara Kingston, the doctor's chief worry, Mildred Williams; Miss Randolph, visitor at the home of the doctor, Agnes Cope; Inspector Nolan, a versatile Irishman, Edward Gaughan; Robert Wareham, a singer on Wall Street, Willis Peet; Ralph Norwell, reaping a crop from his wild oats, Harry Risher; Fannie Falmouth, 45, single and sour, Mary Fraundorfer; Lila Beverly, late of a musical comedy chorus, Margaret Gallagher.

The young people are putting forth a lot of effort to make this play of special merit. Several of the characters have been members of the High school dramatic company. Miss Hazel Bechtold is performing the duties of director.

Mr. and Mrs. Jacob Kuegel, Mrs. Elizabeth Pieman, Miss Agnes Russell and Edward Russell of Youngstown and Paul Russell of Alliance were Sunday visitors in the home of Mr. and Mrs. Bert Rankin and Malvern Russell.

Mr. and Mrs. William Johnson, and children, Billy, Elizabeth and Sadie Ruth, of Youngstown, were guests in the home of Mr. and Mrs. Joseph Wagenhouse on Sunday.

Mrs. H. F. Paisley and daughter, Miss Ethel, were callers in Columbia on Monday.

Mrs. Harry Tittler and two children, Margaret and Billy visited in Columbia on Monday.

Mr. and Mrs. H. L. Aiken of Salem visited on Sunday in the home of Mrs. Aiken's mother and sister, Mrs. Ada Stiller and daughter, Miss Bessie Stiller.

Mrs. William Lindsay, Mrs. Mich. Briggs, Mrs. Roy Waddell and daughter, Miss Kathleen Wolfgang, were Salem callers on Monday afternoon.

Mr. and Mrs. W. R. Elwonger were in Cleveland on Sunday calling on friends.

Mrs. Patrick Wren was a Columbia visitor on Monday.

Mr. and Mrs. Anthony Sakino announce the birth of a son, born Saturday, March 31, at their home on Elm st.

**Modern Boys Manly Say School Leaders**

Denver, April 4.—Joseph D. Becker, field secretary of the Knights of Columbus recently announced the opinion that because most of the teachers employed in public and parochial schools are women, boys are becoming more and more effeminate. He says the modern boy carries vanity cases, plays "ukes" in the moonlight, and even goes so far as to wear silk B. V. D's.

Dr. H. V. Kepner, principal of West Denver High school denounced the idea that boys have become more like the so-called weaker sex. "For thirty years I have been dealing with boys in large cities," said Dr. Kepner. "There always have been a majority of women teachers in the schools. Yet never have I seen more manly boys than those of this generation."

Superintendent A. L. Threlkeld of the Denver Public Schools, and Judge Robert W. Steele, of the Denver Juvenile Court also joined in the protection of the modern western boy.

Vacuum Oil Co. Pays  
100 Percent Dividend

New York, April 4.—Vacuum Oil company, one of the most prominent Standard Oil units, declared a 100 per cent stock dividend today. "This is in line with the recently announced intention of the directors, following the increase in authorized stock from 2,800,000 to 7,000,000 shares. A stock dividend of 300 per cent was paid in 1922, and the stock changed from a \$100 par to \$25 par basis. Stockholders at that time received 16 shares for every share of stock held."

NEW BILL WOULD  
AID IMMIGRANTS

Washington, April 4.—Steps to clear up the congestion among applicants for immigration to the United States were taken by the house immigration committee today in recommending passage of a bill admitting 3,200 persons outside the quota and giving preference to fathers and other relatives of citizens.

The bill would raise the age of children of American citizens in the non-quota class from 18 to 21; allow American women to bring their foreign husbands in outside the quota, and rewrite preference provisions.

WILKINS TO HOP  
OVER THE POLE

Seward, Alaska, April 4.—Captain George H. Wilkins, noted explorer, plans to launch his flight over the North pole at 6 a. m. tomorrow according to a wireless message received here today from Point Barrow, where Captain Wilkins and his pilot, Carl Eilsen, are preparing to take off.

The objective of the polar flight is Spitzbergen on the other side of the arctic circle.

Holland Completing  
Engineering Feat Of  
Draining Zuyder Zee

Cambridge, Mass., April 4.—Dr. Cornelius Lely, renowned engineer and inventor of the vast plan to drain the Zuyder Zee and claim a new land from the sea for Holland, arrives here shortly on a lecture tour. Dr. Lely will deliver two lectures on Holland's fight with the waters.

During the middle ages, large areas of Holland were washed into the sea and much of the Zuyder Zee was at one time land. In 1886, Dr. Lely was commissioned to study the problem of reclaiming the land lying under the Zuyder Zee. Five years later he presented his plan, but the Dutch government did not decide to undertake the great task until 1918. The work is now well under way.

This great engineering feat includes the construction of approximately 20 miles of the largest sea dykes in the world, which will separate the Zuyder Zee from the North Sea, making the latter an inland lake.

The dyke is under construction from the shores of North Holland to Friesland, the Island of Weirring being a connecting link. That part of the dyke between Holland and the island, a distance of more than a mile, has been built. The remaining section, 19 miles long, will take about eight years to construct.

In the dyke will be two locks and 30 sluices. These are for releasing the waters which are carried to the sea by the Yessel river, one of the branches of the Rhine. When the huge task is completed, Holland will have reclaimed more than 500,000 acres of land which is expected to be valuable for agriculture. This land will accommodate 500,000 people and relieve to a great extent the overpopulated condition of the country.

AKRON MAN HELD  
AS BANK ROBBER

Akron, April 4.—Ernest Latham, local rubber worker, was being held here today in connection with the robbery of the Stebbins Banking company at Creston Tuesday, when two bandits held up Harry J. Stebbins, president of the bank and escaped with approximately \$1,800.

Part of the loot was recovered from Latham's room at Wadsworth, according to Chief of Detectives Edward McDonnell, detailed on the case. McDonnell said Latham admitted taking part in the hold-up and that his brother, Leslie, of Akron, had assisted him.

Wayne county authorities were reported holding a man at Wooster, on a charge of robbing the Stebbins bank. He gave his name as Elmer J. Jackson, 28, of Akron, it was said.

Stebbins was alone in the bank at Creston when the two bandits entered, ostensibly to make a deposit. When Stebbins came to the cashier's window, revolvers were thrust in his face and he was told to throw up his hands. A. C. Whinstler, hardware dealer, who came into the bank during the hold-up, was locked in a vault after which the robbers picked up all the money in sight and escaped in an auto.

Planning Memorial  
To Wilbur Wright

New Castle, Ind., April 4.—While Washington officialdom and officials of the Smithsonian Institute are attempting to reach a truce with Gravelly Wright, who with his brother, Wilbur, now dead, invented the first heavier than air flying machine, the actually flew, the Henry County Historical society is planning a fitting memorial to Wilbur Wright who was born in Henry county, only a few miles from this city.

The old Wright homestead made famous first by Colonel Wright, a well-known preacher and the father of Wilbur and Orville, still stands a few miles northeast of New Castle and with it the old log smokehouse which was Wilbur's first workshop.

## Killed By Train

Marion, April 4.—Charles Coulson, 26, died in a hospital here today from injuries received last yesterday when he was struck by a freight train at a grade crossing here.

## Woman Mayor Loses

Frank Edwards, former theatre operator, is now mayor of Seattle, having been elected by 19,000 plurality over Mrs. Bertha K. Landes, present mayor, who was the first woman to hold such a political position in the United States.

Denverites Differ  
In Conceptions Of  
What Heaven May Be

Denver, April 4.—Inhabitants of Denver, all of whom live a mile closer to heaven than most people if the universe, are very divergent in their conceptions of that eternal bliss in spite of their proximity.

"Plenty of grass for the cows," says Gov. William H. Adams in his description of the land on high. Gov. Adams is a rancher by trade. He also thinks there are plenty of fine cattle, good horses, wide open ranges, a Colorado climate, and no coal strikes, in heaven.

Dr. Duren J. H. Ward, psychologist, declares that heaven is just as much more. He says that it is all simply a state of mind and that is no such thing as "up" to heaven or down to hell.

But for an actress, what could be heaven other than a perfect stage, playing footlights, a gorgeous wardrobe, and mellow color schemes. That is the vision of Jean Innes, leading lady in a local theater.

Horace Tureman, conductor of the Denver Civic Symphony orchestra links heaven with music.

"I can't imagine a heaven that is all perfection," he said. "Musically speaking, concord is only understandable in relation to discord. One is not complete without the other. Alone, peace would be just maddening monotony."

CHICAGO ROCKED  
BY 2 MORE BOMBS

Chicago, April 4.—Two more powerful rum explosions rocked outlying districts of Chicago today.

The first one detonated over the Auburn Park Highlands district shortly before dawn and sent hundreds of terror-stricken residents tumbling from their beds to the accompaniment of shattering window panes.

It was exploded in a vacant store room.

Pittsfield, Mass.—Francis Isaac Trumble, Franklin Isaac Trumble and their sister, Mrs. Fannie Trumble Lewis of Troy, N. Y., were 80 years old recently.

## SOCIETY

### Travelers Club

"For manhood dies on the roads of ease, where the skies are ever blue; and each of us needs, if we shall grow strong, some difficult thing to do."

This was the quotation used by the Travelers club for its meeting Tuesday afternoon at the Memorial building.

Three papers composed the program. Mrs. Floyd McKee gave a paper on "Arnold Bennett" and "Mother Goose" was the subject of Mrs. P. A. Ellis' paper. A paper on "English Music" was contributed by Mrs. A. R. Silver, and at the conclusion of it Mrs. J. W. Hundertmark played two selections by English composers. The next meeting will be in one week.

### Edna Thomas Society

Mrs. Mary Carr Curtis, who returned a few weeks ago from Philadelphia, where she was engaged as a secretary in an interdenominational woman's work, gave some of her experiences in this work at a meeting of the Edna Thomas society Tuesday evening at the home of Misses Zillah and Ella Stamp, East Seventh st. Mrs. Curtis is an honorary member of the society.

Mrs. Charles McCorkhill had the devotional and chapters from the study books were reviewed by Mrs. A. B. Hobson and Mrs. L. W. Mathews.

Two new members were added and a lunch was served at the social period.

### W. C. T. U. Tea

Mrs. C. F. Evans gave a splendid talk at a Dues-Tea held by the W. C. T. U. Tuesday afternoon at the home of Mrs. Minnie Baughman, McKinley ave. It was a comparison of prohibition in Christian countries to that of heathen countries.

Mrs. Baughman was assisted in serving by Mrs. Lloyd Heacock. A meeting in two weeks will be with Mrs. J. B. Zeigler, Ellsworth ave.

### Daisy Circle

The members of the Daisy circle of the First Friends church had a social meeting Tuesday afternoon in the church basement.

It was in charge of the losers in a recent contest, who were captained by Mary Walker, and they provided the refreshments. Esther Wilms captained the winners. The time was spent in playing games.

### Four Leaf Clover Circle

When the Four Leaf Clover circle of the Presbyterian church met Tuesday afternoon at the church these officers were chosen for the ensuing year:

President, Vera Gorman; vice president, Lurline Carnes; secretary, Velma Herron; treasurer, Pauline Kendall.

Pauline Kendall and Velma Herron were associate hostesses and they served a lunch at the social period.

### Sunshine Class

Miss Ruth Glass entertained members of the Sunshine class of the Christian church Tuesday evening at her home, Tenth st. A covered dish supper was served at 6 o'clock. Easter appointments were used.

Officers were elected. They are: President, Ruth Glass; vice president, Anna May Painter; secretary, Juanita Stewart; treasurer, Wilma Dickinson. After the business meeting, music entertained.

### Gold Star Benefit Party

Seventy-five couples enjoyed the benefit euchre party held by Gold Star auxiliary, V. F. W. Tuesday night. Prizes were awarded to Mrs. David Stiffler, Mr. Beach, Mrs. Harold Briggs and Mr. Mayhew.

These parties are being held every two weeks, and the next party will be on April 17.

### Hostess To Club

Five hundred was the chief diversion of the evening when Miss Florence Murray entertained her club associates Tuesday evening at her home, Franklin ave. At the conclusion of the games the hostess served a lunch.

George Warner Collier of the Agricultural department, Washington, was the guest Tuesday night of his uncle, Dr. E. S. Collier and family, Lincoln ave. Mr. Collier is on his way back to Washington, after being engaged in corn borer work for the department in Ohio and Michigan.

Ellsworth McKee, a student at George Washington university, Washington, arrived here Wednesday morning to spend the spring vacation with his parents, Mr. and Mrs. Floyd McKee, McKinley ave.

Mrs. Lorenza Ingledue, Ninth st., will leave this evening for Philadelphia, where she will spend Easter with her son, Paul, who is attending Penn State college there.

Miss Bonita Arthur, West Euclid st., left Tuesday for Weirton, W. Va., where she will spend the week with relatives.

Mrs. J. E. Finney and son, George, Miss Clara Finney and Charles Finney spent Tuesday in Cleveland. Miss Finney attended a demonstration of the Eugene permanent wave.

Mrs. E. W. Guilford and son, Fred, Vine st., left Tuesday for Bay City, Mich., by automobile to spend the remainder of the week with relatives.

Mr. and Mrs. B. F. Hansell, Fair st., spent Tuesday in Cleveland on business.

Mary Frances Juerens, Fourth st., is spending the week with Betty Baker of Leontonia.

Mrs. Charles Templin of Leontonia, who has been ill of the flu, is improving.

## SMITH GETS 124 VOTES IN THREE STATE ELECTIONS

### New York, Wisconsin and Maine for Al; Republicans Unpledged

New York, April 4.—Primary returns trickling in from this state, Wisconsin and Maine today indicated that Gov. Alfred E. Smith had 124 additional delegates who will vote for him at the Democratic national convention. Smith delegates now total 244.

He gained 86 votes when the New York districts voted to give him an undivided delegation. In Wisconsin he gained 26. In Maine, where Smith supporters had counted upon only eight votes, the state convention passed a resolution imposing the unit rule, so the governor thereby gained four votes unexpectedly.

The majority of the Arkansas delegation of 18 are understood to be for Smith, although not instructed for him. Missouri's 36 votes and Georgia's 28, went to "favorite sons," Senators Reed and George, respectively.

Four additional votes will go to Smith when the delegates-at-large from New York are named by the Democratic state committee.

New York's Republican delegates elected yesterday are unpledged to any candidate, although Hoover supporters claimed 47 out of the total of 90.

Meanwhile Wall st. bettors today gave Smith a three to one chance to win the Democratic nomination. One brokerage firm reported it had been instructed to place \$15,000 on Smith at those odds.

Gov. Smith's announcement that he will go south for a vacation was regarded in political circles as a step to "feel out" his strength there, although those closest to him deny his trip has any political significance.

## RESOLUTION

(Continued from Page 1)

er, an honored citizen of Ohio and an outstanding Republican leader, was chosen by nine of the delegates as second choice.

"Gov. Lowden needs no introduction to Ohio Republicans. As governor of Illinois he attracted the attention of the entire nation by his statesmanlike administration of that great office. He introduced the budget system and many other progressive reforms afterward adopted by Ohio and other states.

"He is a business man of large affairs and a practical farmer. He knows the needs of business and is familiar with the requirements of agriculture. Gov. Lowden will receive the hearty and sincere support from the majority of us.

### Others Available

"Senator Charles Curtis, of Kansas, the present leader of the Republicans of the United States senate, is a statesman whose accomplishments in his high station have rebounded to the benefits of the nation. He is worthy of our careful consideration.

"Honorable Charles E. Hughes, should he permit his name to be considered, would find a sympathetic response among us, and some of the delegates will make him their choice.

"Ohio is proud of her native son, Vice President Charles G. Dawes. His accomplishments are too well known to require repetition. He is not a candidate and has announced his allegiance to his lifelong friend, Governor Lowden, but should conditions result in placing his name before the convention, he will have our hearty support.

"There is in Ohio an unbounded faith in the high purpose, honesty and wisdom of President Calvin Coolidge, and notwithstanding the fact that he has indicated his desire not to be a candidate, there is a sentiment in this state for his nomination, and we believe that a delegation representing the Republican party in Ohio should be free to act in harmony with that sentiment, if events should make his nomination appear expedient and acceptable to him.

### Practically Uninstructed

"In other words, the Willis delegation, if elected, will be as nearly an uninstructed delegation as could be selected under the Ohio laws.

"We will go to the convention, aside from the commitments as indicated, without bias or prejudice to select the best available candidates for president and vice president to lead our party to victory in November.

"Our leader, Senator Frank B. Willis, has fallen in the line of duty, but to use his own recent expression: 'Men pass on, but principles endure.' We stand unalterably fixed in our purpose to continue the fight for the principles for which he gave his life; party regularity and party responsibility in both state and nation.

### Will Carry On

"These are fundamental policies of Republicanism upon which the success of the party, as an agency of government, has been built for the past 75 years.

"Carrying on under the flag of our chieftain, we ask the Republicans of Ohio to honor his memory by sending to the Republican convention in June the delegates selected by regular organizations and approved by him to represent the Ohio Republicans at our national convention."

Miss Doris Parsons, of Cleveland, is spending a few days with her parents, Mr. and Mrs. Harry Parsons, Ellsworth, ave.

John Connors, Jr., of Salem, is a guest at the Roosevelt hotel in New Orleans.

## PLAN MEMORIAL FOR WILLIS AT DELAWARE HOME

Delaware, April 4.—A movement to erect a memorial to the late Senator Frank B. Willis, buried here yesterday, was on foot today under the direction of Bruce Burgess, president of the Delaware Willis-Ford-Pratt club.

According to Burgess' plans the movement will be non-political in aspect. The memorial would be erected in Delaware, where Senator Willis maintained his residence throughout his private and public life.

## THREE CHILDREN HACKED TODEATH

Durham, N. C., April 3.—Believed by authorities to have suddenly been seized with insanity, Bay Robinson, 39, Durham county sawmill employe, ran amuck early today and hacked to death his three young children with an axe.

## SOLONS

(Continued from Page 1)

but the vote resulted in a tie, and President H. A. Gager voted no, killing the motion. F. L. Rollins, Mrs. Anna Stratton and W. U. Filler voted no.

Rollins brought up the burden upon corner properties affected by the surfacing, and which recently bore the cost of surfacing Lincoln and Depot streets. City Solicitor Cecil K. Scott is to investigate the law's provisions in this matter, and to see if aid can be given these properties.

Adler declared that heretofore corner properties have paid their full share and that there is no reason why those on one street should be favored. Gager, however, voted no because he believed that more information should be secured before legislation is drawn.

### Will Vacate Alley.

The city's cost probably will be paid out of the gas tax fund, and will mean that no bonds will be issued.

Scott was ordered to prepare legislation to vacate an alley on Franklin ave. between the Simpson and Haessley properties. The vote was four to two. P. J. Dean and Rollins voting against the motion, but it carried.

If the legislation passes, the city will give to each property six and one-half feet of ground. The 13-foot alley is now dead-ended due to the previous council's vacating the balance of the alley in the McCall addition.

The sewer committee was given a request of residents of Bank st. and contiguous territory for a sanitary sewer.

The mayor and auditor were authorized to borrow \$1,250 on notes in anticipation of the levying of special assessments for Newgarden surfacing.

Chairman Adler of the streets and sidewalks committee asked all members to help report bad sidewalks needing attention.

## REMUS

(Continued from Page 1)

where my mother is waiting for me and then dig in, and successfully litigate my financial affairs."

### Will Complete Book

Remus' wealth at one time was incalculable. His gigantic bootleg business grossed between \$100,000,000 and \$150,000,000 in 1920 and 1921, according to his own estimate, and yielded him a personal profit of \$6,000,000 or \$7,000,000. How much money he possesses today Remus does not know.

Most of his holdings, the majority interest in a dozen distilleries, his \$300,000 mansion on Price Hill, Cincinnati, sixty or more homes he bought in a Cincinnati sub-division, the "Remus Building" in downtown Cincinnati, and other property, has been tied up in litigation since he was put behind the bars at Atlanta federal prison for violating the prohibition law.

"I will complete the writing of a book which I have started," Remus telegram also says. "The book will relate my experiences in life and particularly during the various years of incarceration in the Ohio penitentiaries and the Lima State Insane asylum. I know I will experience a new born feeling after my release from this hell hole of the earth."

### Through With Liquor

"I will be forever through with the liquor business, you may be sure, Dodge does not interest me in the least."

It was Franklin L. Dodge, a former agent of the United States department of justice who had achieved outstanding success as a dry sleuth, whom Remus blames for most of his troubles. He claimed that Dodge not only "hounded" him but stole the affections of his wife. All of Remus' charges were emphatically denied by Dodge.

## Broker Arrested On Bucket Shon Charge

Cleveland, April 4.—Waiving extradition before a U. S. commissioner, Cromwell Simon, broker, today was held here under \$15,000 bond, awaiting removal to San Francisco where he is under federal indictment in connection with an alleged bucket shop swindle.

Simon and four other men, according to the indictment, are alleged to have organized a corporation with "dummy" directors, accepted valuable securities from investors and then disappeared with the collateral, totalling \$100,000.

## Stivers High Wins

Chicago, April 4.—Stivers High, Dayton, O., started out the national high school basketball tournament here today by defeating St. Paul, Neb., 35 to 30, in a nip and tuck game.

## FESS SELECTION MAY MEAN DRAFT COOLIDGE MOVE

### Administration Supporter Chosen As Keynote Of Convent

Washington, April 4.—The selection of Senator Simeon D. Fess of Ohio, as temporary chairman and keynote orator of the Republican national convention somewhat surprised the politicians of Washington today. And there arose in the wake of the announcement considerable speculation as to the reasons underlying the choice.

Fess was chosen by Chairman Wm. M. Butler, who is in favor of drafting President Coolidge.

Fess himself was the original promoter of the "draft Coolidge" movement, and he still is in favor of the convention's disregarding the famous "I do not choose to run" statement and again pressing the president into service. In Washington and out of Washington, on numerous platforms, the Ohioan has preached the drafting of Coolidge, and has persistently stated his belief that once drafted Mr. Coolidge would not refuse to run.

### May Be Fortunate

Hence, his selection as temporary chairman and keynoter was received in Washington with a slight elevation of eyebrows on the part of political observers generally.

If, as sometimes happens, the keynoter is made permanent chairman and if the Republicans at Kansas City ten weeks hence get themselves into a deadlock, and turn their eyes again toward the White House, it might be fortunate indeed to have in the chair a friendly and kindly disposed member of the draft Coolidge club.

It would have been difficult to find a keynoter more representative of the administration that Senator Fess. He has been a constant and invariable supporter of Coolidge policies, and not infrequently he has been "the White House spokesman" on the senate floor.

### Supports Every Policy

He was Mr. Coolidge's personal choice to lead the fight against the McNary-Haugen bill, sponsored and supported by the Insurgent Republicans of the grain belt. He can extol and point with pride to almost every Coolidge policy, for all have had his personal support.

Insofar as other candidates for the nomination have been concerned, Senator Fess was ostensibly for the nomination of his colleague, Senator Willis, until the latter's death a few days ago. He was on the Willis slate of delegates, and his second choice has been registered as Senator Curtis of Kansas.

There is no doubt, however, of the loyalty of Senator Fess to his first and only love—the drafting of Mr. Coolidge for another term.

## Monkey Errand Boy And Elephant Does Chores for Farmers

Republic, Kans., April 4.—A monkey is being used as a helper on a farm near here and according to the farmer, William H. McClure, the animal is about the best hand he ever has had.

McClure declares his assistant feeds the hogs, keeps chickens from the garden, runs errands and is fast learning to pitch hay. Another farmer in the vicinity uses a full grown elephant in his work. He declared the elephant replaces several teams of horses in moving heavy loads.

## HOMEWORTH

Frank Hardy has returned home from Akron where he visited his son who underwent an operation for appendicitis recently.

Fred Pauli was on business in Alliance Saturday afternoon.

A number from Homeworth attended the surprise party at the home of Mr. and Mrs. Clark Borton of Sebring Sunday.

Mrs. D. W. Thomas and Mrs. E. E. Grimes were at Alliance Friday. Scott Whitehead has returned to Wittenberg college.

Mr. and Mrs. Edward Welsh and family have moved to New Franklin.

Mrs. Eunice Hoffman is the guest of her daughter, Mrs. William Shidler, of Freeburg.

Betty Jean, little daughter of Mr. and Mrs. Virgil Stull, has been very ill the last few days.

Monroe Freshley has rented the Elmer Zurburg farm.

Edwin Felgar has returned from a business trip to Columbus. A number of Homeworth young men attended the basketball game held at the new high school auditorium at Petersburg, Saturday night.

William Gross, who had his thumb severed some time ago while at work in the planing mill is getting along favorably.

Mrs. N. U. Grimes and daughters, Wilma and Margery, and Mrs. Lawrence Byers and daughters, Barbara Jean, were in Alliance Friday.

Mrs. Wade Hoover of Alliance spent Saturday evening with her parents.

## Markets

### MARKET IRREGULAR

New York, April 4.—The market was irregular at the opening today, with railroad and stocks steady, and industrials and motor stocks reactionary.

Atlantic Refining led the oils, with a gain of 1 point at 19 1/2. Pennsylvania Railroad sold down 1/4 at 69 1/2. American Smelting sold about 2 points at 18 1/2. International Nickel was down 1/2 at 92. Packard Motor down 2 at 70 1/2. Radio down 1 at 189. General Motors down 1/2 at 183 1/2. Steel Foundries down 1/2 at 63 1/2. U. S. Steel down 1/2 at 145 1/2. Wright Aero down at 128. Westinghouse down 1 at 105 1/2.

Industrial stocks reacted moderately at the beginning of trading today as the first effects of the \$317,000,000 increase in brokers' loans in March as reported by the stock exchange governors after the close of yesterday's market. The triumph of the bears was short-lived, however, and before the end of the first half hour buying orders swept the whole list along to higher price levels, with Aeroplane stocks leading the way to higher levels. Wright Aero lost 4 points at the start, but promptly soared 10 points to a new high at 138.

After dropping 2 points at the opening, Packard Motor rushed ahead to 74 in active trading. Chrysler, Studebaker, Nash and General Motors forged ahead a point or two in active trading, and most of the accessories sold higher.

Atlantic Refining led a move in the high grade oil stock, based on the firmer market for refined oils and the favorable impression created by the 100 per cent stock dividend on Vacuum Oil, Marland and Sinclair were again in demand.

Call money was unchanged at 5 per cent.

Forward movements in a number of the technically cornered specialties took place in the second hour. Wright Aero soared to 141 for a new 13 point gain, and Curtiss Aero climbed 7 points to 92. Radio sold above 190 and trading in General Motors around 185 was in unusually large volume. The steel stocks were firm, with Bethlehem leading the independents. Pittsburgh and West Virginia Railway added 14 points to yesterday's 10-point jump and sold up to 149. Atchison, New York Central and Baltimore and Ohio sold higher.

A 4 cent break in Crude Rubber was the feature of the commodity markets, the decline starting in the London market. Cotton was steady and grain firm in this period.

### CHICAGO LIVE STOCK

Chicago, April 4.—Hogs—Receipts 15,000; market steady; 10c higher; top 8.65; bulk 7.25@8.55; heavy weight 7.90@8.35; medium weight 8.00@8.65; light weight 7.85@8.65; light hogs 6.90@8.60; packing sows 7.70; pigs 6.25@7.50; holdovers 10.00.

Alvin M. Owsley, former commander of the American Legion, is one of seven entries in the race for the seat of Senator Earle B. Mayfield of Texas, who is seeking re-election.

## SPECIAL HOLY WEEK SERVICES ARE ARRANGED

### Meditation Services Will Feature Good Friday In Two Churches

Dr. Henry Powell of Steubenville will preach this evening in the First Methodist Episcopal church. The Wesleyan quartet will sing.

Friday beginning at 2:30 p. m., Good Friday will be observed by the "Continuous Sacrament of the Lord's Supper." The church will be kept very quiet for worship. Groups by classes or families or individuals may come in any time for a quiet time of meditation and partaking of the Sacrament at the very hour we celebrate the crucifixion of Christ. Some will come for their first sacrament.

This will continue until 7:30 in the evening.

Easter Sunday morning there will be an Easter sermon by the pastor, special music and baptism and reception of members. In the evening the choir, under the direction of Charles Cornwall, will render an hour of Easter music.

As has been the custom in the past, the congregation is requested to bring or send memorial plants or flowers. The Easter morning service gives special meaning to these offerings. After the morning service the plants and flowers may be taken to the cemetery or sent to designated sick people. The flowers will be given in the memory of loved ones who have passed on. By this means many a shut-in shares in the Easter of the church. Flowers and plants may be brought to the church Saturday afternoon and evening or early Sunday morning.

**Episcopal Church**  
Holy Week services at the Church of Our Saviour will include the service of the Three Hours from 12 noon to 3 p. m., Friday, Rev. C. A. Roth, rector, announced today.

In this service there is meditation on the last seven words of Jesus as he hung, dying on the cross. The rector extends an invitation to the public to attend this commemorative service.

Maundy Thursday will be observed with communion at 10 a. m. Maundy Thursday is the popular name given to the Thursday before Easter, the day on which Jesus made preparation to eat the Passover with his disciples, the pastor stated.

After the Passover, Jesus instituted the Holy Eucharist, and gave the "new commandments" to "do this in remembrance of me," and to "love one another" as He had loved them. It is from one or other of these "commandments" or "mandates" that the day received the name of Maundy Thursday, says Rev. Roth.

On Friday prayer and pro-anthoria service will be at 10 a. m.

**EXPECT LOCHER WILL BE NAMED**  
Columbus, April 4.—Belief that Gov. Vic Donahey will announce his selection tomorrow of Director of Commerce Cyrus Locher, Cleveland, Democrat, to succeed the late U. S. Senator Frank B. Willis as one of Ohio's representatives in the upper house of congress, prevailed here today.

Although considerable pressure, it was indicated, has been exerted upon the governor to appoint Judge Florence Allen, of the Ohio Supreme court, or Attorney John W. Peck, Cincinnati, former U. S. district judge, intimate adviser of the governor today voiced the opinion that Locher would be appointed.

### Six Escape From Lucas County Jail; Two Are Captured

Toledo, April 4.—Six prisoners of the Lucas County workhouse at Whitehouse, near here, escaped today by tearing a window frame from a first floor room.

Forty other prisoners refused the opportunity to escape. Two of the fugitives were captured at noon today.

Those at large are: David Martin, 26; Harry Bradford, Chester, Carter, 19, and Robert Young, 30.

The two captured are Joe Anderson and Ray Carr.

### Women of England Spend 20 Millions A Week for Beauty

London, April 4.—The women of England spend no less than \$20,000,000 a week on personal adornment—not including powder, lipstick and other cosmetics—according to figures compiled by the Drapery Textile and Women's Wear association, which is holding an exhibition here.

The sum is increasing yearly, the reports state. The huge sum was arrived at through a searching computation, and its cause was stated to be the ever-changing styles in women's clothes.

### Will Go South Solely For a Rest

Albany, N. Y., April 4.—Gov. Smith was hard at work at his desk at the capitol early today getting state affairs in shape so he can leave early next week for a two weeks' vacation at Asheville, N. C.

The governor insisted his trip into the south was planned solely for a rest and that it had no political significance.

**WANTED!**  
CLEAN RAGS, 6c PER LB. AT NEWS OFFICE.

## Obituary

**MRS. WILLIAM HOYLE**  
Mrs. Hannah Hoyle, 79, wife of William Hoyle of Cambridge, O., died of phlebitis at 1 a. m. Wednesday at her home.

Mrs. Hoyle, a daughter of Robert and Jane Plummer, was born July 13, 1848, at Barnesville. She had spent her life at Barnesville and Cambridge, having lived at the latter place for more than 40 years. She was a member of the Wilbur Society of Friends.

Surviving are her husband and four children, Frederick C. and Laura J. of Cambridge; Elbertus L. of Hadden Heights, N. J.; Mrs. Mabel Diggins of Hingham, Mass., and two sisters, Mrs. Rachel Frame of Salem, and Mrs. Elizabeth Stanton of Cleveland. Her oldest sister, Mrs. Mary P. Doudna of Barnesville, died just five weeks ago.

The funeral at 2:30 p. m. Friday will be at the Stillwater Friends meeting house, near Barnesville; interment will be in the cemetery there.

Mrs. Frame and her daughter and husband, Mr. and Mrs. E. F. Stratton, expect to attend the funeral.

**A. LESLIE MILLER**  
Misses Elizabeth and Nellie Miller have received word of the death of their brother, A. Leslie Miller, Tuesday in Los Angeles, Calif.

Mr. Miller had many friends in Salem, having spent his boyhood here, attending both the grade schools and Salem High school. In early manhood he went to Sanford, Fla., where he owned an orange grove.

Later he went to Parkersburg, W. Va., where he was in the oil business. While in that city he met and married Miss Linnie Laughlin, who preceded him in death in 1916.

Surviving are two children, Mrs. Joseph A. Dunn, Los Angeles, and Albert Leslie, Jr., of Jacksonville, Fla.; and a granddaughter, Elizabeth Dunn, Los Angeles.

### NURSES PLAN TO ATTEND SESSIONS OF CONVENTION

Miss Clara D. Noyes of Washington, national director, American Red Cross Nursing service, and Whiting Williams of Cleveland, sociologist and writer, will be among the speakers at the 25th annual convention of the Ohio State Association of Graduate Nurses to be held April 11-14, inclusive, at the Hotel Ohio, Youngstown.

Miss Noyes will speak at the banquet Thursday evening, April 12, and Mr. Williams at an open meeting Friday evening.

District No. 3, which includes Mahoning, Trumbull, Ashtabula and Columbiana counties, a membership of 325 graduate nurses, is hostess to the state convention this year. A large delegation of nurses from all parts of the state is expected.

May Ayres Burgess, New York City, Ph. D., director, committee on the Grading of Nursing schools, will give an address Friday morning.

Youngstown speakers include Dr. John E. Hardman, president of the Mahoning County Medical society, and Rev. M. F. Griffin, L. L. D., a member of the branch of the National Hospital association.

Miss V. Lota Lorimer, of Cleveland, is president of the Ohio State Association of Graduate Nurses and Mrs. Edna Womer Viets, of Youngstown, is chairman of the committee on arrangements.

### Finance Committee Agrees To Cut In Corporation Taxes

Washington, April 4.—The senate finance committee today voted to cut the present 13 1/2 per cent corporation tax to 12 per cent in the new tax reduction bill, after two unsuccessful attempts were made by the Democrats to get the figure down to 10 or 10 1/2 per cent.

The committee unanimously agreed that it would report a tax bill, but did not vote on anything but the corporation tax.

The two parties remained divided on the reduction figure—the Republicans sticking to the \$220,000,000 figure suggested by Senator Smoot (R) of Utah, chairman of the committee, and the Democrats, led by Senator Simmons (D) of North Carolina, demanding a \$300,000,000 cut, or at least the house figure of \$290,000,000.

### Village Smithy Is Fined In Rum Case

Hampden, Mass., April 4.—Grave suspicion of Longfellow's Village Smithy's attitude upon the liquor issue was aroused in this town at the town hall. Many of the villagers now snicker when some very bright youngster, recites the poem of the Smithy and the strength of his arms.

Norman Candev, village smithy, who plied his trade beneath a spreading chestnut tree, was accused by the state police of selling moonshine "as strong as iron bands." He was tried, convicted and fined on the charge.

### Want Britain's Tax On Whisky Reduced

London, April 4.—Whisky distillers of Great Britain have begun a powerful publicity campaign to force the government to reduce the tax on alcoholic beverages. They claim that such a reduction will be the best means of relieving the impoverished farmers.

Contrary to the prevalent American belief that whiskey can be purchased in Britain "for a song," drink is very expensive here because of the high government tax.

**PUBLIC LIBRARY**  
OPEN EVERY WEEK DAY  
FROM 9 A. M. TO 9 P. M.

## PIONEER FLIERS MAY GET REWARD FROM CONGRESS

Washington, April 4.—America's pioneer military aviators will be rewarded for their courage if congress accepts the recommendation of the house military affairs committee.

The bill which members today said would be reported favorably creates a special class of the seven surviving aviators commissioned in the army before Dec. 31, 1913, and grants them special pay for life.

Of the 35 army aviators who had qualified prior to December 31, 1913, 18 were killed in plane crashes. Three died from natural causes and several retired.

The proposed increased pay would bring the salaries of the seven remaining in active service up to a range of \$568.75 to \$875 a month. Pay for those retired is also increased.

### Ohioan Killed While Cleaning Shotgun

New Philadelphia, O., April 4.—Funeral arrangements were being made here today for Arthur Rose, 45, who was killed accidentally last night, at his home near Beach City, by the discharge of a shotgun he was cleaning.

Rose and his adopted son were cleaning their firearms after an afternoon of crow shooting. After inserting a shell, Rose laid the gun at his side when it was discharged.

## REVEAL POTATO YIELD METHODS

300-Bushel Potato Club Members File Reports Of the Methods

Analysis and summarization of the records kept by the members of the Ohio 300 Bushel Potato Club during 1927, reveal some of the methods and practices responsible for the heavy yields achieved.

The 30 members of the club submitted complete statements of the cultural practices which they followed. The successful growers live in 14 different counties of the state, indicating that no particular section of Ohio has an advantage over any other section in the growing of potatoes.

The average yield per acre for the 30 growers was 358 1-3 bushels. The highest record yield was 606 bushels and 58 pounds, on the farm of A. C. Ramseyer in Wayne county. On 24 of the 30 fields, the crop which preceded the record potato crop was a legume. The distance between the rows in the fields varied from 24 inches to 36 inches, with 31.5 inches as an average. The distance between plants in the rows was from 9 to 16 inches, with an average of 11.5 inches.

Not all the men used manure on their potato fields. Of the 21 who did, the average amount used was 12 loads. Ramseyer, with the highest record, used 15 loads of manure to the acre.

Without exception, the men who achieved the 300-bushel yield, used fertilizer. Some used the fertilizer in the row, others applied it broadcast. The average amount of fertilizer used was 863 pounds to the acre, and the approximate average formula was 3-12-7. Only two of the 300-bushel men did not employ spray or dust to control insect pests. Eight dusted their potato vines and 20 sprayed. Those who used dust, applied it five times during the season, and the average application of spray was 6.5 times. Ramseyer sprayed his crop seven times during the season.

Four growers planted their potatoes in April, 11 in May, and 15 in June. April 1 was the first date of planting and one field was planted as late as June 29. The yields in the fields planted on April 1 were 337 and 365 bushels, respectively and the yield from the late field planted on June 29 was 318 bushels. Ramseyer planted his field on May 8, and W. A. Shelly, of Ashland county, who was second in the list with a yield of 406 bushels and 30 pounds, planted his field on June 23, next to the last planting date recorded.

Two of the growers grew their crops under straw, with a yield of 381 bushels each. The other 28 growers cultivated, most of them using both cultivator and weeder.

Russets were the favored variety of seed. 23 growers using them, while two used Cobblers and five used white potatoes. The average amount of seed to each acre ranged from 11 to 22 bushels. The average was 17.5 bushels. Ramseyer used 19.5 bushels, or two bushels more than the average. Shelly used 22 bushels, as did two other growers who were near the top of the list. The two growers who used only 11 bushels of seed to the acre harvested only 304 and 305 bushels to the acre.

## BOY CONFESSES HE KILLED GIRL

Cleveland, April 4.—A case, which for several days had threatened to become one of Cuyahoga county's deepest mysteries, today had been solved through the confession of Roy Grootegoed, 20, landscape gardener.

Grootegoed, according to County Detective Gideon Rabshaw, admitted that his car struck Alice Leonard, 15-year-old Mayfield Heights school girl, whose body was found late Monday, after she had been missing from home since January 28, last.

For a time it was thought Alice had been attacked and thrown from an automobile. Her skull had been fractured. After questioning Grootegoed at length, Rabshaw declared he was convinced the youth had told a straightforward story. Grootegoed endeavored to explain his two months silence by saying he was "too scared to tell anyone about the accident." He admitted that he carried the girl's body to a field near Mayfield Heights school after his auto had knocked her down and dragged her 200 feet.

Finally he said he believed she was dead when he carried her into the field, where her body was found by school boys playing baseball. Rabshaw said an examination of the girl's body by physicians showed he had not been attacked.

Grootegoed's auto went into a ditch after it struck the girl and had to be towed out. The janitor of the school which the girl attended, told Rabshaw about the towing after the girl's body was discovered, and subsequent developments led to the finding of part of the girl's torn coat in a garage where Grootegoed kept his car.

## Warren Man Loses Foot Under Train

Warren, April 4.—Clyde J. Schell, 27, newspaperman, suffered the loss of his left foot at Riverside hospital here after being struck by an Erie freight train at the Vernon street crossing. It was learned today.

According to Warren police, Schell was attempting to push a stalled sedan from the railroad tracks about 9 o'clock Monday night when his foot became wedged between a rail and a plank. Schell's condition was reported as favorable this morning after he regained consciousness.

## FARTHEST-FLYING WOMAN

Starting from London last October, Mrs. Keith Miller, wife of an Australian journalist, completed the longest flight ever made by a woman when she landed at Port Darwin, North Australia. Mishaps, poor flying weather, a crash in Batavia, a broken nose, failed to daunt the intrepid aviatrix, who alternated with Captain Lancaster at the controls.

## Jealousy Gradually Becoming Less Dominant In The Human Make-up, May Vanish Entirely

Washington, April 4.—Jealousy, the hydra-headed, green-eyed monster whose breath is fire and havoc in happy homes, is gradually becoming less dominant in the human make-up, and promises to vanish completely in a few more generations. That, at least, is the gist of a formidable-looking report just completed by one branch of the government.

The dragon is being done to death by the modern woman. Ripping off the ugly snivelling mask of jealousy, she reveals the true face as only a glorified inferiority complex, seeded in repressions and fears and nurtured by introspection and a consistently dull life.

**Formula for Prevention**  
An elaborate clinical study of personality traits in a selected group of jealous dispositions by the children's bureau department of labor, characterizes jealousy as always an acquired and not a congenital trait. It is induced usually by frustrated ambitions in childhood, "pinched lives," bullying, and uncongenial companionships between parents and offspring.

A formula for more harmonious

and less rigid relationship in the home is advocated to eradicate the jealous impulse from the human character.

The bureau's survey is based largely upon data assembled by Miss Sybil Foster, director of the Boston Habit Clinic.

Women are more prone to jealousy than men; in one group of fifty explosively jealous children, 16 were male and 34 female.

Jealousy begins as an inferiority complex, advances through timidity and ends in violent hatred, morbid introspection and, finally, neurosis. To the latter state is attributed all of the more violent crimes of domestic discord.

**Intelligence No Help**  
Intelligence apparently has little to do with jealousy. Two of the clinical cases were mental defectives, eight persons of superior intelligence and the remainder graduated between.

An impulse to cruelty to playmates and animals is much more prevalent in jealous dispositions than in the gay indifferent type. Selfishness and bull-dog domination are also more marked in the jealous group.

"The day-dreaming child was seen more frequently in the non-jealous group."

Jealousy is normally manifest in the child's temperament between the ages of 3 and 5 years. Proper cultural influences—not rigid disciplinary methods—may easily eradicate the impulse before the age of 7, but sternness, violent repression or neglect may warp the victim for life, the report states.

## Put Sandwich Floor In Middle of Large Pittsburgh Building

Pittsburgh, April 4.—A remarkable engineering feat is to be started here soon.

An entire new story is to be "grafted" onto a building by inserting it between the first and second stories; and the 40-year-old granite pillars supporting the building are to be substituted by smaller steel pillars.

The architectural operation is to be performed on the Granite building, weight 4,500 tons, height, eight stories, soon to be pine location in the heart of Pittsburgh's business district, at Sixth avenue and Wood street.

The regular routine of the businesses and offices in the building will not be disturbed. It is claimed. Theodore Eichholz, Pittsburgh architect and former lieutenant-colonel in the U. S. Engineers during the World war, has undertaken the task. He says the project will cost about \$200,000 and will be finished within 90 days.

The work of "jacking up" the big building has been let to the John Eichleav, Jr., company, famous firm which has acquired an international reputation for performing "impossible" feats of removal. The Eichleav firm, which has moved bridges, buildings and other structures, on one occasion "transplanted" an entire village to a point 12 miles downstream on the opposite side of the Ohio river.

The plans for the "sandwich floor" as it has been called here, have been approved by the city, the building's owner, tenants and all other parties concerned.

## Paris Raises Rent For Eiffel Tower

Paris, April 4.—Rents in Paris are now going up as high as the sky. In fact, they now reach the top of the Eiffel Tower. The society in charge of the world-famous structure has recently been informed by the city of Paris that it will be obliged to pay five thousand more francs rental per year or find other quarters.

The city explains this rise in rents because of the increase in the value of land together with other costs of living in the capital.

## TROTSKY SHOT, MAY NOT LIVE

London, April 4.—Leon Trotsky, one of the deposed masters of Soviet Russia, today was believed to be dying in exile somewhere in Russian Turkestan as the result of an assassin's bullet which lodged in his spinal column.

The famous Russian leader was shot in the back by a member of the "Young Communists," an ultra radical organization of the Reds, according to advices received today by the Morning Post.

The shooting is believed to have occurred last Saturday. The assassin was variously reported as being a Caucasian and an Armenian. The Stalin government has made every effort to "hush-up" news of the shooting. Because of this no further details of the shooting are known.

## Poetess Is Granted \$10,000 For Eyes

Paris, April 4.—What price the eyes of a poetess? The fifth chamber of the Paris civil court has put their value at ten thousand dollars. This sum was granted to Mademoiselle Miller-Verly, Rumanian poetess and literary collaborator of Queen Marie as damages for injuries sustained in a motor accident nearly six years ago.

Mademoiselle Miller-Verly has become nearly blind and unable to continue her writing.

## Lead Kindly Light Start Choir Row Between Organists

Minneapolis, Minn., April 4.—Hamlin Hunt, organist at the Plymouth Congregational church here takes exception to the statement of R. Buchanan Morton, choir director and organist at the House of Hope Presbyterian church, St. Paul, that "Lead Kindly Light" is too sensuous a hymn to be sung in churches. "Lead Kindly Light," Mr. Morton said, "is a beautiful, well written hymn, which in no way could

offend the taste of any churchgoer, nor could by the greatest stretch of imagination be termed sensuous, unless sensuous was interpreted to mean tuneful and likely to be remembered by the listeners.

"It is a tempest in a teapot. The statement that 'Onward Christian Soldiers' is set to music indicating comic opera, is debatable. It is a well written hymn and has served its purpose well. Written for a period in church history when martial music, for it is only a march, was perfectly apropos, it has never caused offense. Of course today when we are advocating world peace and international fellowship,

a martial hymn might not be proper. The question is, as I have said, purely debatable."

The occasion for Mr. Hunt's statement was a speech delivered by Mr. Morton before the Professional Men's club here. Mr. Morton at that time protested against quartets, choir or soloists in churches. He criticized ministers and singers, stating that they obtrude their personalities into the services. He stated that Protestant evangelical music "has been in a bad way for the past 50 years." "The market," he said, "has been deluged with hymns, so that they cannot be taken seriously any other place than in the church. There are very few good hymn tunes."

Persons who want anything know that The News is the Want Medium in this vicinity. So read it.

## Flood Brings Fortune

John F. Ryan, above, porter in a New York hotel, is now rich. Lawyers have notified him that himself and his two brothers and a sister have inherited a million-dollar estate of an uncle, Martin Ryan, who was lost in the Los Angeles dam break.

## BRINGING UP FATHER

urer against the Taggart Realty Co. and others, for the foreclosure of a tax lien, the case has been dismissed by the court as to the first cause of the action at the costs of the plaintiff. This case has been ordered by the court to be left off the docket.

## Mandamus Action

The Leetonia Reporter Publishing Co. has filed an action in mandamus in common pleas court against County Auditor Elmer E. Walker, in an effort to compel the auditor's office to publish certain legal advertising in the weekly newspaper published by that company. The petition has come before the court and it will be argued before Judge W. F. Lones by Prosecuting Attorney Robert M. Brookes and Assistant Prosecuting Attorney John E. Bauknecht within the next few days. By reducing the number of newspapers in which certain legal advertising is to be published, it is the contention of the auditor's office that the county is being saved considerable money.

## Defers Sentence

Charged with contributing to the delinquency of minor children, Juvenile Judge Lodge Riddle has deferred sentence in the cases against Frank Allman and James Carman. Both defendants entered a plea of guilty when they were arraigned.

## Citizenship Petitions

A declaration to become a citizen of the United States has been filed with Clerk of Courts Frank Ballantine by Giuseppe Lononjo, aged 36, a native of Italy and residing at 227 Third street, Wellsville. The applicant arrived at the port of New York June 10, 1909, and is employed at Wellsville as a boiler maker.

New York—Uncle Sam is finding his wings reasonably safe as well as speedy. Though 164 fliers were killed in the country last year, the aeronautical chamber of commerce points out that 131 were in unlicensed planes. That in air transport operations there was one fatality to 1,413,330 pilot-passenger miles.

## Journal Entries

The case of A. Shapiro against Thomas and Sarah Walters, filed in common pleas court Dec. 10, 1925, has been dismissed by the court with no record to follow. The suit was for the purpose of obtaining judgment against the defendants for \$84.45 on a merchandise account.

A settlement at the costs of the plaintiff has been entered by the court in the case of J. H. Hinchiff against W. R. and Jennie Weather, an action on appeal from a lower court entered on the appearance docket Dec. 29, 1925. Judgment has been entered against the plaintiff for the costs in the case.

In the tax foreclosure action filed in common pleas court July 2, 1924 by Jo Pike, the then county treas-

## Smiths of World To Aid In Restoration Of Coventry Chapel

Coventry, Eng., April 4.—The Smiths of the world have a glorious opportunity of showing their family patriotism.

They are asked to restore "Ye Ancient Smiths Chapel" in Coventry Cathedral, built to the memory of the original guide of Smiths, from which the Smith clan originated. "I feel sure that many of the great 'House of Smiths' will be glad to help restore this ancient chapel," says Canon E. Gordon Savile of Coventry Cathedral in making the appeal.

The Bishop of Coventry and the Cathedral authorities have approved.

### ABOUT TOWN

#### Concord Church Notes

The quarterly communion service at the Concord church, Ellsworth rd., was held at the close of the regular preaching service last Sunday.

At 1:30 p. m. Thursday there will be a meeting at the church, at which the principal events of each day in the life of Jesus Christ during Passion week will be discussed. After this session the annual church business meeting will be held.

On Easter, next Sunday, at 11:30 a. m. there will be special music by the choir and a sermon appropriate to the occasion. Rev. George E. Brown, is pastor of this church.

#### Girl Scouts

The Girl Scouts of Troop 1, captained by Mrs. J. W. Hendricks, held their regular meeting Tuesday evening at the Memorial building. There were 10 girls present.

The troop was temporarily divided into two patrols with Deborah McGaffick and Olive Patterson as patrol leaders. Plans were made for a party to be held in connection with the next meeting.

#### Auto Is Stolen

John Gonda, 54 Maple st., reported to police that his Chevrolet sedan was stolen about 8:45 p. m., Tuesday from in front of Salem High school building. It bears license 478,745, and motor number 2,663,208. The right front fender was bumped and right front light was out.

#### Kiwanis Business Meeting

The Kiwanis club will hold its monthly business meeting, Thursday noon at the Memorial building. Some members of the club are expected to attend the inter-city meeting next Monday night at Kent, International President Henry C. Heinz will be the speaker.

#### Legion Auxiliary

The regular meeting of the American Legion auxiliary was held Tuesday evening at the home, McKinley ave. Plans were made to send an Easter treat to the ward at Dayton, adopted by this unit. There are 26 men in this ward.

#### To Open New Store

The A. & P. company will open a new store in the store room on Main st., recently vacated by Sabin's furniture store. The room has been remodeled by Bahm brothers, the owners, and a new front has been installed.

#### City Hospital Notes

William Wilkinson, of Salem, has entered the Salem City hospital for medical treatment.

These patients have been discharged: Mrs. Frederick Koeneich and baby, Salem, and Elmer Miller of Columbiana.

#### Cyclist Is Fined

Pete Julian was fined \$10 and costs today by Mayor Phil Hiddleston for careless driving one day last week. It was charged that Julian drove his motorcycle through a school boy patrol at Columbia school.

#### Willing Workers

The Willing Workers of St. John's A. M. E. church will have a box social Thursday evening at the home of Mrs. John Greene, East Pershing ave.

#### Recent Births

Relatives here have been advised of the birth of a daughter to Mr. and Mrs. Lawrence Hole, of Rochester, Pa., on Wednesday morning.

## SUPREME COURT HITS OHIO LAW

Judges Rap Provisions  
For Declaring Laws  
Unconstitutional

Columbus, April 4.—That the provision of the Ohio constitution which fixes the vote by which the state supreme court may declare a law unconstitutional and void "is without parallel in any state in the union and is violative of the basic principle of popular government, which always must rest upon the loyal acceptance of majority vote," is the charge contained in an opinion handed down today by the supreme court. The opinion was written by Chief Justice C. T. Marshall.

This provision decrees that the supreme court cannot declare a law unconstitutional unless all but one of the judges so vote. The only exception is in the case of affirming a judgment of an appellate court which has declared a law unconstitutional.

"While the constitutional provision has taken from the supreme court the power to declare a legislative act to be constitutional by a bare majority vote, it has left an unlimited power so to do in the control of appeals," head Judge Marshall's opinion.

"Deplorable Condition"

"The effect of this constitutional amendment is to give greater force and effect to the opinion of two members of the supreme court than to the other five," Marshall stated. "Manifestly, the constitutional convention did not desire to invest more power in the intermediate courts than was invested in the court of last resort and yet the court of appeals has become the final arbiter of the constitutional questions in many important cases."

The opinion related to the action just taken by the supreme court, which, by a vote of 5 to 2, upheld the judgment of the Franklin county courts which held unconstitutional the state law providing for free city water service to public school buildings. The opinion pointed out that the supreme court, by a similar vote, had upheld the decrees of the 8th and 9th district appellate courts which held this law constitutional.

Justice Marshall stated that "it is

difficult to describe, or even imagine a more deplorable situation" resulting from these conflicting cases.

## COMPROMISE IN MORTGAGE CASE

Columbus, O. April 4.—John A. Kelley, Columbus, receiver of the Cities Mortgage company was this afternoon granted authority by the Franklin county common pleas court here to compromise the claim of the Fidelity Mortgage Guaranty company of Cleveland, for \$46,000.

The compromise includes the return of all assets held by the Fidelity at "collateral." The Cities Mortgage company was indebted to the Cleveland concern to the extent of \$41,753.

It will be necessary for the receiver to borrow \$45,000 to pay this claim. According to present plans of the receiver, he will issue receiver certificates for receiver's notes and securities.

This action is an attempt to straighten out the tangled affairs of the Cities Mortgage company. Kelley was appointed receiver upon request of A. A. Schramm, Marietta, as administrator of the estate of Louisa Cooley who held stock in the concern.

When the receivership was appointed approximately \$800,000 of common stock and \$2,200,000 of preferred stock was outstanding.

## GRANT SINCLAIR DELAY IN TRIAL

Washington, April 4.—Justice Jennings Bailey this morning granted a continuance until Monday, April 9, for the opening of the criminal conspiracy trial of Harry F. Sinclair, the millionaire oil man.

Motion for delay was made by defense counsel, who wanted the additional time to digest a deposition taken from former Secretary of Interior Albert B. Fall which just reached Washington today.

Fall who is a co-defendant with Sinclair in the Teapot Dome Oil conspiracy, is too ill to appear and Sinclair is to be tried alone.

Atlee Pomerene, Roberts' associate was not in court. A freight wreck outside Washington tied up the train on which he was coming to the trial.

## OUTDOOR CLASS MEET TO SELECT SPRINGER SQUAD

Not Single Veteran For Track Events; Several In Field Events

The annual outdoor inter-class meet, or "prelims" as the events used to be known, which will be held next week probably on Tuesday, will determine the personnel of the Salem High track and field squad for the opening meet with Lakon Saturday, April 14.

Fourteen events, the regular number will be held, and Coach Wilbur Springer expects to pick his varsity from the boys making the best showing. He got a good line on some of them in the indoor meet, but not all events were held in that meet.

Springer's job is a difficult one in track events this year, because there is not a single veteran. He is having to spend more time in looking over the candidates for the runs, from the 100 up to the mile. Fortunately he has a large number of eager candidates for each of the track events, and he believes this will mean keen rivalry all season for varsity posts.

In the field events the veterans appear to be concentrated, though there is plenty of room for new boys in most of the events.

Workouts are being held each day this week, despite the fact that it is vacation, and though he just had his tonsils out last Saturday, Springer is spending considerable time out with the boys.

Allen and Roessler, the pole vaulting twins, spend more than an hour each morning in the pit at the Roessler home, and they are fast establishing a regularity in high vaults. Tuesday they had no trouble in going 11 feet 6 inches as a regular height, and are gradually working up to and over 12 feet for ordinary vaults.

Though work on the track may not be completed by Tuesday, it is possible it may be in shape for the track events. If not, the meet will be held Wednesday or Thursday.

Financial differences concerning Rickard's lease on the stadium have caused a severance of diplomatic relations between the promoter and Colonel Jacob Ruppert, owner of the stadium, according to the report.

## DODGE DEFEATS MASONIC TEAM

Dodge Brothers team defeated the Masons, four games straight, to cop the opening city volleyball league match at the Memorial building Tuesday night.

The Baptists dropped out of the league before their first game last night, so Demings took the second match by forfeit.

### Coaches Again

William L. Hayward of Eugene, Ore., track coach at University of Oregon for 26 years, is a member of the Olympic staff for the fifth time.

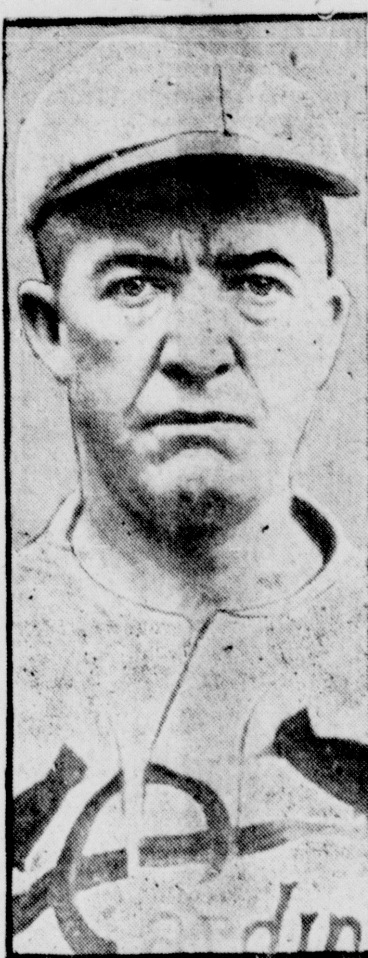

The silk worms produced from one ounce of eggs will consume from 1,700 to 2,400 pounds of mulberry leaves during the 40 days of their life.

## OLD STARS SHINE IN BASEBALL FIRMAMENT

Due reformation on the part of Rabbit Maranville (upper left), Flint Rhem (center), and Grover Cleveland Alexander, there is every indication that their

play will come back to its old standard. They are three of the colorful stars of the old guard and a revival of their play would help St. Louis to the top.

## COFFEE SLATED AS TRACK STAR

Reinstatement of Salem Boy Sends Stock Of O. S. U. Up

Columbus, April 4.—With the return of Charles Byron Coffee, athlete of Salem and other former ineligible stars to its roster, the Ohio State university track squad will enter the spring competition with a team which in the opinion of Coach Frank Castleman is one of the strongest to wear the Buckeye uniform for several years.

Ineligibility caused by low scholarship during the first quarter term of school last fall was responsible for the loss of several of the trackmen of former years. Without these stars which also included Howard Kriss, one of the greatest dash men in the country, the Buckeye team failed to equal the records of previous seasons in the indoor meets in the winter quarter which has just been completed.

Following a brilliant career at a halfback position on the Scarlet and Gray eleven last fall, Coffee, slotted as one of Coach Castleman's most promising trackmen, was declared ineligible on account of his scholastic standing. His reinstatement has been perfected recently and he will take part in the meets this spring, according to an announcement of the physical education department.

In the Big Ten freshmen meet last year Coffee took third place in the high jump, making a height of 5 feet, 11½ inches. The winner of the Big Ten indoor meet this year cleared the bar at 5 feet, 11 inches. He will be entered in the high jump event this year.

"Black" Coffee is a sophomore at the university and is enrolled in the College of Education.

### FIGHT RESULTS

At Reading, Pa.—Tommy Farley, Philadelphia lightweight, outpointed Mickey O'Donnell, Buffalo, (8).

Frankie Nelson, Wilmington, Del., lightweight, scored technical knockout over Bobby Riden, Reading, (5).

At St. Petersburg, Fla.—Billy Algers, Phoenix, Ariz., middleweight, won from Alex Simmons, Canton, O., (10).

At Hot Springs, Ark.—Tommy Jones, Tampa, Fla., outpointed Cuddy Demarco, Pittsburgh Junior welterweight (10).

At Los Angeles—Bud Taylor, Terre Haute, Ind., bantamweight king, outpointed Santiago Zorillas (10).

### Ellsworth Boy Is In Honors Society

Columbus, April 4.—Ralph J. Winans, a resident of Ellsworth, Mahoning county, has been named a member of the newly-organized freshmen honors society at Ohio State university as a result of making high grades in his courses at the university during the fall term of school, last year.

Using a four-point average as a basis for a perfect grade, the 58 students recently admitted to the honors society were made eligible by scoring an average of at least 3.5 points during the first quarter term of school.

The honors society of the freshmen class was instituted on the Ohio State campus this year by the Student Senate. The plan was taken from a similar organization at the University of Illinois.

Butler, Pa.—With fresh snow on the ground, a chilling wind blowing and a temperature of 36 degrees prevailing, Elmer Bower, Joseph Matis and Wilmer Hoffman, of near here, took their first swim of the year in Thorn creek.

Persons who want anything know that The News is the Want Medium in this vicinity. So read it.

### Sekyra Remains In Heavyweight Class

New York, April 4.—Charles Cook Joe Sekyra's manager, has withdrawn the Bohemian youngster from the light heavyweight class. Sekyra had to try out six rounds, on the day of his contest with Leo Lomski, in order to weigh in under the 175 pound limit. In the future Sekyra will confine his fight activities to the heavyweight class.

Manager Cook is in receipt of several offers for Sekyra's services. He left today for his home in Dayton, Ohio.

### MULLINS CAGERS PLAY ALLIANCE

Submitting to constant challenging for more than a week, the Mullins cagers have decided to play a post-season game with the Alliance Copey Motors Wednesday night, April 11, in the High school gym, providing the Alliance team meets the conditions laid down.

In the lineup of the Motors are such former Alliance High stars as Firth, DeBee, Schaeffer and others of note. They are after the scalp of the Mullins outfit and have been pleading for a game for some time.

Manager A. V. Witt put the proposal up to the players and a vote showed that the cagers are willing to play this final game.

### Training Camp Notes

Nashville, Tenn., April 4.—The New York Yankees are still losing ball games but Babe Ruth has hit his first home run of the season.

The world's champions lost to the Chattanooga Lookouts in the 12th yesterday, 3 to 2. Today the Yanks play Nashville.

Greenville, S. C., April 4.—Rival National League teams are awakening to the realization that the 1928 edition of the New York Giants is a great club.

McGraw's sluggers have won 10 straight games. They swamped the Washington Senators again yesterday at Atlanta by a score of 8 to 2, their 13 hits including two triples and a single by Andy Cohen, Hornsby's successor.

The two clubs play here today.

Memphis, Tenn., April 4.—A raw meat diet and the lash of Manager Ray Schalk have accomplished wonders for the White Sox. They hammered out 26 hits in winning the second game of the series from the Memphis Chicks. The score was 19 to 1. Bill Cissell featured with a home run. Clancy had four hits in four times up.

Kansas City, Mo., April 4.—Joe McCarthy and his conquering Cubs are due to check in here today for Phoenix, Ariz., after a four-game series against the local Blues, the Cubs will continue eastward to Terre Haute, Ind., and thence to Cincinnati for the opening of the championship season.

Montgomery, Ala., April 4.—The Cleveland Indians—31 strong—enroute from their training camp at New Orleans, to Chicago, were scheduled to play the local Southeastern league club here today in the first of five exhibition games along the route.

All tribesmen except shortstop Joe Sewell and Pitcher Emil Levens were pronounced fit after the six weeks training grind. Sewell has a sore knee and Levens a sore arm.

New York—Grace Vanderbilt, who eloped last June with Henry Gassaway Davis, 3rd, selected a clever man for a husband, in the opinion of his classmates at Columbia, where he is studying mining. A professor overheard students discussing a problem which had stumped them. "Wait till Henry comes along," one remarked. "He will have the correct answer."

### Best in Air Mail

Maurece Graham, of the air-mail service, is chosen the world's champion pilot, having never lost an ounce of mail or made a forced landing during 2,200 hours' flying time. (International Newsreel)

## OFFICERS NAMED BY ROTARY CLUB

Dr. Felger Is President Of Columbiana Club; Hartford Speaks

Columbiana, April 4.—At the meeting of the Columbiana Rotary club Monday evening the annual election of officers was held, with the following results:

President, Dr. P. H. Felger; vice-president, Vance Stewart; secretary, Olaf Todd; treasurer, Dick Fitzpatrick; member, executive committee, H. W. Hammond and Rev. C. E. Krumm. These officers will serve beginning May 1.

The speaker of the evening was Dr. P. H. Hartford of East Palestine, who gave a most interesting talk on his recent trip to Alaska. Other guests of the evening were: Mayor Thomas Snyder, Dr. H. Bookwalter and J. V. Stewart. It was announced that in two weeks the regular meeting will be united with the banquet to be given in connection with the formal opening of the new White Way system.

At a recent meeting of the Women's Missionary society of Grace reformed church, the following officers were elected: President, Mrs. Glen Vanskiver; vice-president, Mrs. T. J. Tidd; secretary, Mrs. Richard Orr; treasurer, Mrs. E. P. Funkhouser; corresponding secretary, Mrs. L. W. Schiller.

Mrs. P. H. Felger and Mrs. Ruth Lehman were joint hostesses Saturday afternoon to members of the Bridge club at the home of the former on North Elm st.

Mrs. A. W. Hartford and Mrs. Cross of Youngstown, called Monday afternoon on Mrs. H. A. Keller, South Main st.

Mr. and Mrs. S. E. McCune and son, Raymond, New Waterford, were Columbiana shoppers Monday afternoon.

Evan Lodge is spending his spring vacation from Mt. Union college in Gaffney, S. C., visiting with a schoolmate, Wells Alexander.

Miss Sarah Leonard, who is teaching school near Cleveland, is spending the week with her parents, Mr.

## TAX REDUCTION PLAN NO AID TO LITTLE FELLOW

Washington, April 4.—The "little fellow" was left out in the cold in the new tax reduction program presented to congress by Secretary Mellon.

In the 1926 revenue act, the small taxpayer was the principal beneficiary. If his tax had been reduced again, about two-thirds of the federal tax payers would have been wiped off the books entirely.

There are approximately 2,500,000 persons reporting taxable incomes of below \$10,000 annually.

representing an aggregate income of about \$10,000,000,000. Incomes exceeding \$10,000 number 400,000. Mellon provided for a re-arrangement of the surtaxes on incomes from \$16,000 to \$190,000, with some reduction in the rate. This will benefit about 300,000 taxpayers, with total incomes of \$6,000,000,000. Approximately 400,000 corporations will be beneficiaries under the Mellon proposal.

## AT THE GRAND

A romance of unusual beauty, taken against the wild background of a South American jungle, is promised by Fox Films with their release of "The Gateway of the Moon" in which Dolores Del Rio, the Charmaine of "What Price Glory," has the stellar role of Toni. This film is at the Grand.

It is a tale of strange adventures, primitive passions and the white man's greed for wealth and power, in which Miss Del Rio plays the part of a half caste Indian girl in love with a young English railroad builder, played by Walter Pidgeon. Those who have previewed the picture, acclaim it as one of the finest photodramas of the year and probably the greatest of all the lovely Del Rio's roles. The story itself is said to contain every element of drama that goes toward making up a superlative entertainment. Suspense, mystery and even humor abound in plentiful measure and brought into being by a cast of supporting players of unusual merit.

Ted McNamara, who achieved fame with his part as the laugh provoking marine in "What Price Glory," is again cast in a north producing role. Anders Randolph is the ruthless mining engineer, who

builds a railroad with the lives of helpless Indians. He is the uncle of Chela, Adolf Millar, Leslie Fenton, Noble Johnston and Virginia La Fonde are cast in the other roles of importance.

The backgrounds are said to promise many new and startling glimpses of country never filmed before.

## AT THE STATE

The principal romantic leads of "Rose Marie," a film version of the famous musical play of the same name which Metro-Goldwyn-Mayer produced as one of its big special features of the year, are played by the two youngest members of the cast, both as to years and screen experience. "Rose Marie" is at the State.

Jean Crawford, with less than three year's experience on the screen has the coveted title role which every young actress of the screen had hoped to get.

James Murray, who has been in pictures less than a year, has the leading male romantic role against a field of more than fifty better known and more experienced motion picture actors.

"The Valley of the Giants," First National's picture starring Milton Sills, comes to the State Thursday. It is Peter B. Kyne's story of the big timber county and a feud between rival timber barons. Pretty Doris Kenyon plays opposite Sills and a fine cast supports the star.

## STRONGER AND SLEEPS BETTER

Took Lydia E. Pinkham's Vegetable Compound

Ogden, Kansas.—"For three or four months before taking the Vegetable Compound I was run-down, didn't feel like doing any work and could not sleep at night. The least thing would upset me. We live on a farm and I have my housework to do but I could not do it. My mother told me of the good Lydia E. Pinkham's Vegetable Compound—had done her so I am taking it. I am feeling fine, can sleep good and can do my work without getting overtired. I recommend the Vegetable Compound and will answer letters."—Mrs. Lester J. Cummings, Box 331, Ogden, Kansas.

## THE GUMPS—SO LONG, RAILROAD

## HOME-MAKING HELPS

By Wanda Barton

America leads the world in bathrooms and in the way of mechanical and luxurious fittings. One perfectly equipped bathroom used to be considered sufficient for the ordinary family's use. Today there is one on each floor and often those connected with each master bedroom. And apartments are also well supplied.

The pure-white porcelain tub and nickel faucets have been the finest up to the advent of porcelain fixtures instead of nickel and decorated white tubs and those of colored porcelains.

An individual bathroom in one most becoming color is a joyful way to spend money, not that the porcelains in color cost much more than the others, but it is the colored accessories that send up the bill. However, it is with these accessories that the personal touch is completed.

Take, for instance, a sea-green bathroom. The ceiling is a delicate creamy shade of green, the side walls or rough plaster are tinted a shade or rough plaster are tinted a shade of green with a creamy shell-like border. The tub, bowl deep along with wide slab, and the toilet bowl are sea green with porcelain and nickel faucets. The floor tiles match the wainscote, only they are narrow and without the higher glaze.

The shower curtains are green, with pink roses patterned on them; the window curtains are of the same material. The towel rods are of the same green porcelain with nickel trim. The mirrors used are frameless and fit into the trim which is green, softly painted and finished with a lacquer which water does not affect. The furniture is painted in the same way as is the willow linen basket which is rubber lined to receive damp towels. White

rug with delicate green borders are used on the floor, while the crash towels show the same color in their borders and initials. Soap dishes, mugs and every extra toilet article are made in the same color as the tub.

## STYLE EDICTS

Paris, April 4.—If everything else in the fashion world comes and goes, the picture-frock goes on forever. And this spring especially with colors and materials more feminine than ever, the unprecedented success of the robe de style was only to be expected. Practically every French dressmaker has a number of them in his collection and each one shows an original touch.

Jeanne Lanvin, who is really the "mother" of the picture gown, makes them of taffeta, stiff satin and organdie. One in black and white organdie has a petal skirt and is embroidered in flowers in such a way that it is very striking. Another has the taffeta corsage cut on the old quaint demure lines with a subtle becoming shaping. The skirt is delightfully flared with the uneven hem which is so attractive. The wide flounce of silver lace in dull metallic tone is run with a zigzag design in blue and mauve silk and there are unusual shoulder straps of a sort of silver chain armor interwoven with black silk threads.

Magdalene des Hayes is showing a robe de style with a short moulded bodice and very ample skirt, oft-

## No More Gas In Stomach and Bowels

If you wish to be permanently relieved of gas in stomach and bowels, take Baalman's Gas Tablets. Gas is prepared especially for stomach, gas and all the bad effects resulting from gas pressure.

That empty, gnawing feeling after dinner will be replaced by a desire for entertainment. Bloating will cease. Your limbs, arms and fingers will no longer feel cold and go to sleep because Baalman's Gas Tablets prevent gas from interfering with the circulation. Get the genuine, in the yellow package, at any good drug store. Price \$1.

## HUMAN RACE IS IN ITS INFANCY SCIENTIST TELLS

Astonishing Figures Are  
Given by Secretary  
Of Royal Society

London, April 4.—Astonishing figures illustrating the age of the earth, the size of the universe, and the radiation of energy from the stars, were given by Dr. J. H. Jeans, secretary of the Royal Society, in a recent lecture before the Royal Society of arts here.

Among the most remarkable of his computations were the following:

The life in front of the human race is so enormous that humanity must be regarded as a three-days' old infant who has yet to reach three score years and ten.

So numerous are the stars in the universe that the same number of grains of sand spread over England would make a layer hundreds of yards in depth. Our earth is one-millionth part of such a grain of sand.

Are Densely Packed  
The heaviest stars are so densely packed that a handful of their matter would weigh about ten tons.

Energy radiated from each square inch of the sun's surface is sufficient to keep a 50-horse-power engine continuously in motion.

Illustrating the amount of energy made available by radiation, Dr. Jeans said that the annihilation of a pound of coal a week would produce as much energy as the combustion of the 5,000,000 tons a week which are mined in the British Isles. A single drop of oil would take the Mauretania across the Atlantic.

Dr. Jeans estimated that the age of the earth far exceeded the 300,000 years or so of man's existence. He said he believed it was in the neighborhood of 2,000,000,000 years.

"A million million years hence so far as we can foresee," he declared, "the sun will still be much as now, and the earth will be revolving around it much as now. The year will be a little longer, and the climate quite a lot colder, while the rich accumulated stores of coal, oil and forest will have long been burnt up, but there is no reason why our descendants should not still people the earth."

Sun Weighs Less  
"Perhaps it may be unable to support so large a population as now, and perhaps fever will desire to live on it. On the other hand, mankind, being three million times as old as now, may—if the conjecture does not distress our pessimists too much—be also three million times as wise."

Radiation of energy, Dr. Jeans said, was annihilating the sun's mass at the rate of 250,000,000 tons a minute. Consequently, as the sun has no source of replenishment, it must weigh 360,000,000,000 tons less today than it did yesterday.

"Thus observation and theory agree in indicating that the universe is melting away into radiation," he continued. "Our position is that of polar bears on an iceberg that has broken loose from the icepack surrounding the pole, and is inexorably melting away as the iceberg drifts to warmer latitudes and ultimate extinction."

One of the most skillful detectives of modern times, Superintendent Arthur Neil, of the "Big Five" of Scotland yard, has just retired after nearly forty years of service.

## Takes Lead

Girls like this who have learned the art of keeping themselves always attractive usually lead wherever they may be. She follows the rule. She's Carlotta Marino, of 57 West 58th St., New York City, much admired in the Vanities, the Follies and George White's Scandals and feminine star of the movie hit, "No Trespassing." She says: "When people admire my complexion or my hair, I tell them they can easily keep theirs the same way by simple care. The new way so many of us here in New York are doing our hair is especially easy. All we do is put a few dashes of Danderine on our brushes every time we use them. 'It's marvelous to see how beautifully clean and shining this keeps your hair. I don't have to shampoo half as often now. I set my waves with Danderine, too, and it holds them ever so much longer. All dandruff disappeared with a few applications, and my scalp always feels fine now.'"

Danderine removes that oily film from your hair, and gives it new life and lustre. It isn't oily and doesn't show. It gives tone and vigor to the scalp. The generous bottles are just 35c at any drug store. A delicately fragrant toilet necessity for the well-groomed girl. Adv.

## Body Of Ohio Senator Rests Beside Graves Of Parents

Delaware, O., April 4.—Beside the graves of his father and mother, in the family plot at Oak Hill cemetery, the last remains of Senator Frank B. Willis were at rest today, following a final tribute paid him yesterday by friends of the state and nation.

While thousands of sympathetic friends looked on and surrounded by fellow members of Senator Willis in congress, the coffin was gently lowered to the strains of "The End of a Perfect Day" sung by the Republican Glee club. The song was

## COLLEGES WILL BE REORGANIZED

Plan Junior and Senior  
Divisions At State  
University

Columbus, April 4.—Five of the 11 colleges on the Ohio State university campus will be reorganized with junior and senior divisions before the start of the fall term this year, it was announced at the university today.

In addition to the reorganization of the five colleges, the office of junior dean will be created in each of the five and a junior council will be established, it was stated. The changes recommended by the faculty after more than a year's consideration and approved recently by the university board of trustees are declared to be another step in the university's effort to solve the problems of mass education, particularly those of the freshmen and sophomore years. As a result of the changes "Freshmen Week" inaugurated for the first time last fall, the office of students' counselor and other changes of the last two years under President George W. Rightmire, will be discontinued.

The major aims of the program are to humanize education by giving more careful attention to the individual students and to reduce the number of student failures by more effective teaching and administration. The junior college is being designed to give the individual student more personal attention. Junior divisions will be established in the colleges of agriculture, liberal arts, commerce and administration, education and engineering.

## Gallivan, Boston Congressman, Dead

Boston, April 4.—Rep. James Gallivan, prominent South Boston Democrat and one of the outstanding opponents of prohibition in the country, died Tuesday at Ring sanatorium, Arlington. It was stated that he was found dead in bed.

Rep. Gallivan had been a member of congress from the South Boston district for 14 years.

## DAMASCUS

The Christian Endeavor society held its business meeting and social at the home of Rev. and Mrs. H. L. Phillips. Election of officers was held with the following result: President, Clark Shreve; vice president, Miss Helen Phillips; secretary, Miss Aletha Shreve; treasurer, Mrs. Margaret Chambers; chorister, Mrs. Clarence Cosand; organist, Miss Betty Hobson. A social time was enjoyed and a nice lunch served Miss Anna Cope who is leaving soon for Arizona was honor guest and was presented with an umbrella from several of her friends.

Mr. and Mrs. Wilson Monerief entertained to dinner Monday evening, Miss Edna Delzell, Frank and Fred Delzell, Clair Cope, Miss Lydia Cope and Harold Fryogle in honor of Miss Edna Delzell's birthday.

Mr. and Mrs. Clifton entertained to a taffy pulling Monday evening Mr. and Mrs. Foster Hall and family, Mr. and Mrs. Lorin Stanley and daughter and Mr. and Mrs. Ernest Stanley.

Thomas Monerief of Salem and Charles Monerief of Canton were guests Sunday of Mr. and Mrs. Wilson Monerief and family.

Joseph Conrock left Tuesday evening for Media, Pa., where he will visit his sons, Robert and Walter Coppeck and families.

Mrs. C. G. Delzell had the misfortune to fall down the cellar steps Monday but was not seriously injured.

Mr. and Mrs. Sylvester Jackson and family moved Tuesday to the Israel farm which they recently purchased on the Damascus-Garfield road.

The Parent-Teacher association met at the High school building Monday evening with a fair attendance. A program was given and a nice lunch served by the committee. This association is sponsoring a play, "The End of the Lane" which will be given Friday evening, April 13, at the High school auditorium. The cast is composed of Kenneth Heston, Lorin Grise, W. J. West, Mrs. C. E. Donahay, Russell Oesch, Misses Edna Primm, Erma Shipman, Florence Ilmer and Edith Knight. Mrs. L. H. Shipman and Edward Price.

Miss Edna Delzell, teacher in the Alliance schools is spending her vacation at home.

Mr. and Mrs. Emil Stanley and family, Mrs. C. T. Shreve and Miss Hazel Pyle made a trip to Rochester, Pa., Tuesday.

Mr. and Mrs. George Bailey made a business trip to Canfield Tuesday.

Word has been received of the death of Mrs. Martha Beckman Brown of near Pittsburgh. She formerly taught school here and is a sister of Mrs. W. J. Bailey.

the same that the Glee club was singing when Senator Willis was stricken just before he was to deliver his homecoming address in Delaware last Friday night.

In the rear seat of a funeral car, parked close to the grave, were Mrs. Willis, veiled and weeping, her daughter Helen, and Lloyd Willis, the brother of the late senator.

Thousands of friends of Senator Willis gathered here yesterday to pay a final tribute to the departed statesman. An apparently endless line passed the bier during the day until time for the funeral services. Many who were unable to gain entrance to the chapel for the funeral rites after it had been filled to its capacity, heard the services from loud speakers placed on the outside of the building.

That Senator Willis was a true American was the unanimous sentiment expressed in orations delivered by his closest friends, Senator Simeon D. Fess, of Ohio; former Senator Ralph D. Cole, of Findlay; Dr. Albert Edwin Smith, president of Ohio Northern university; and Charles A. Jones, secretary of the senator. Wavering in his speech during the oration, President Smith broke down and wept at the end.

From a pocket Testament which Senator Willis had carried and was in his pocket when he died, Dr. Otto Scott Steele, pastor of the Asbury M. E. church of Delaware, read passages which the senator had marked.

Statesmen and notables of political circles from all parts of the country attended the final rites. Gov. Vic Donahay, accompanied by his wife, made a delegation of state senators and representatives.

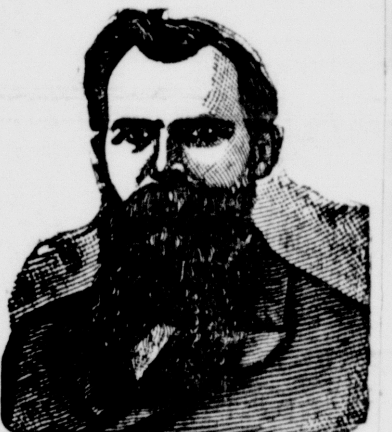

## Letter Shows Burns Turned Down Offer To Work For Paper

London, April 4.—A remarkable letter of Robert Burns, that is shortly to be sold at Sotheby's, reveals the fact that at one time an offer was made to induce the poet to come to London and take up newspaper work.

The letter is addressed to Mr. Peter Miller, who had told his friend Mr. Perry, then proprietor of the Morning Chronicle (1794) of Burns' ineffectual condition.

Between them they settled on a plan for bringing the poet up to Fleet Street. Mr. Perry, it is recorded, very spiritedly made Burns an offer of an annual stipend for his services on the paper, but the offer was refused.

Coming to Salem, O.

**DR. ALBERT F. SNELL**  
Formerly of  
Snell's Private Sanitarium  
will be in  
Salem, Ohio  
AT HOTEL METZGER  
ONE DAY ONLY

Thursday, April 5th

The doctor treats all Chronic Diseases and Deformities of men, women and children.

Many cases might be saved from a dangerous operation by going under the doctor's treatment.

**All Diseases of Men, Women and Children Treated**

Outward and Stomach diseases are given special attention.

If you have catarrhal trouble go and be examined. The sick and afflicted are advised to bring a change of the opportunity here offered. Go and have a look in your mind. If your case is not cured, we will refund your money. (Incurable, he will give you his advice. No sick man or woman should fail to consult this specialist.)

If you have Rheumatism, Nervousness, Dropsy, Swelling of the Feet or Hands, Liver Trouble, Heart Disease, Nervous Debility or any wasting disease or weakness, Hollow Complexion, Distention, Dyspepsia, Indigestion, Constipation, Flatulence or Bowel Trouble, Gout or Epilepsy, go and let Dr. Snell see you.

Blisters, Blood, Skin and Scalp Diseases, Piles and Ruptures successfully treated.

**Ladies**

who suffer from Sick Headache, Melancholia, Spinal trouble, special diseases, or having any deviations from health, caused by irregularities, weakness, or disease peculiar to women, should consult this specialist.

Gravels or womb troubles treated without the knife. If you have been advised by any one to undergo a surgical operation for womb or ovarian difficulties, rupture or piles, do not listen to it and have your life endangered by the knife, or needle before consulting this specialist.

**Old or Young Men**

It matters not what your ailment may be, or how long standing, if you desire health and happiness, are at stake consult this doctor specialist.

It matters not what the ill may be, it matters not what discouraging reports may have been made from any direction; it matters not if you have been told that you are incurable. If there is the faintest thread upon which to hang a hope you will find hope there, with the treatment that will lead you to health, contentment and happiness.

**SPECIAL ATTENTION** given to Chronic and Microscopical examination of Blood, Urine and Sputum and all patients suffering from Nervous and Mental complications.

Address all communications to

Rm. 104 & 105, Cleveland, Ohio

## WOULD REDUCE VALUATION OF GAS COMPANY

Columbus, April 4.—Testimony by Harry R. Allensworth, prominent local rate expert, in support of his judgment that the valuations of the Logan Gas company on its leaseholds and working capital should be reduced at least \$16,750,421.92, featured the hearing resumed here today by the state utilities commission relative to protests lodged by numerous cities, villages and rural communities throughout Ohio against the company's application for increased rates for natural gas service.

Allensworth, employed on behalf

of the state and the protesting communities, recently appraised Ohio properties of the Logan Gas company.

Allensworth testified at a public hearing held by the commission a short time ago that the Ohio Bell Telephone company's valuation of its properties, for rate making purposes, was excessive by many millions of dollars.

On the witness stand today, Allensworth voiced the opinion that the commission should reduce the Logan Gas company's appraisal of \$16,431,210.20 as "proven value" of its leaseholds, a reduction of \$16,180,205.42, and should lower the company valuation of \$1,744,683 as "working capital" to \$1,174,466.50, a reduction of \$570,216.50, or a total reduction of \$16,750,421.92.

## GET RID OF YOUR FAT

Thousands of others have gotten rid of theirs by my simple and efficient method of fat reduction without starvation diet or burdensome exercise, often at a very rapid rate and WITHOUT PAYMENT until reduction has taken place.

I am a licensed practicing physician and have made a careful study of the physiological requirements of the human body. This has enabled me to select such ingredients and in such proportion as in my opinion will produce not only a loss of weight without harm and an improvement in health, but with it an alleviation of all of the troublesome symptoms which frequently accompany and often are a direct result of overindulgence, such as shortness of breath on slight exertion, palpitation of the heart, etc., not to speak of the relief from the embarrassment of being too stout. Stout persons suffering from such diseases as Chronic Rheumatism, Gout, Eczema, Asthma and high blood pressure are greatly relieved by a reduction of their superfluous fat.

My treatment will relieve that depressed, tired, sleepy feeling, giving you the renewed energy and vigor which come as a result of the loss of superfluous fat. If you are overindulgent do not postpone but sit down right now and send for my FREE TRIAL TREATMENT and my plan whereby I am to be PAID ONLY AFTER REDUCTION HAS TAKEN PLACE if you so desire.

## Specialists Agree That Crying And Creeping Are Good

Minneapolis, Minn., April 4.—Crying, creeping and kicking are an essential part of the growth of any baby.

On this fact, Dr. John E. Anderson, head of the University of Minnesota's child welfare department, and Dr. William A. McKeever, also a Minnesota university child specialist, are agreed.

Crying, according to Dr. Anderson, is a part of the exercise which aids a child in growing physically, and, unless children cry excessively,

parents need not get worried about it. Kicking is also a part of the process by which infants naturally develop, according to Dr. Anderson. Loose garments which will allow the child to kick vigorously were recommended by Dr. McKeever.

Creeping was described as an essential part of the child's development, and parents were warned against being "persnickiness" about soiled dresses and mischief. "Crying, kicking and creeping are the 'divine' rights of children," Dr. McKeever said.

## Special Showing all this week CHRYSLER

April 2nd to April 8th

All this week in our showrooms we are holding a special Chrysler display. We shall appreciate your attendance. **The automatic "FLAVOR ZONE" oven  
knows when your roast is browned**

A roast must first be properly browned, and then cooked in a lowering temperature to draw the flavor from this delicate outer crust into the meat. The Westinghouse Electric Range does this automatically.

Before you leave home, say at 10 o'clock in the morning, you put your dinner—roast and vegetables—in the oven. You make two simple adjustments as predetermined for you by Westinghouse cooking experts, close the oven door and forget about the cooking until dinner time.

At the proper time the FLAVOR ZONE oven will auto-

matically turn the heat on and brown your roast to perfection. Then it will automatically turn itself off and continues cooking in a lower temperature until the whole of the meat is uniformly and deliciously done.

No other range, either fuel or electric, performs first the browning operation and then the cooking operation under full automatic control.

Let us demonstrate FLAVOR ZONE Cooking—the new domestic science—to you, or if more convenient, phone or write for special booklet.

## QUARREL TAKES SUDDEN TURN

R. C. Dominguez (right), Mexican consul in Boston, takes exception to the use of the words "Mexican General" as a term of approbrium in an exchange of letters between Herman A. M. McDonald (left), secretary to Governor Fuller, and Frank A. Goodwin, ousted registrar of motor vehicles. Dominguez has referred his complaint to Secretary of State Kellogg at Washington, and a local squabble has taken a place of international significance.

## AMERICA WILL LEAD WORLD IN PASSENGER CARRYING DIRIGIBLES

Cleveland, April 4.—V. R. Roberts, assistant aeronautics chief of the Goodyear-Zeppelin Corporation at Akron, has predicted that America will lead all other nations in development of great passenger-carrying dirigibles, cause it owns virtually all the available helium gas in the world.

Speaking here on a recent visit, Roberts declared that "all other nations will be forced to inflate their airships with hydrogen, an explosive gas."

"The airship of the future is already here," Roberts said. Two are being built in Europe, and in our Akron office are complete plans for the greatest American dirigible and the plant in which it will be built."

**New Type Different**  
"The new dirigibles will differ from present types," Roberts continued, "both in size and cruising radius. Motors will be enclosed on the hull, reducing wind resistance and mechanics will be enabled to work on them while the ship is in flight."

Specifications of the proposed Goodyear dirigibles follow:

Length—700 feet (40 feet longer than the Los Angeles).

Diameter—134 feet (54 feet greater than the Los Angeles).

The Goodyear airship would measure 145 feet from tip to keel as compared with 102 feet for the Los Angeles.

It would have a gas capacity of 6,500,000 cubic feet against 2,400,000 for the Los Angeles and will cruise 6,500 to 8,500 miles as compared with 5,000 for the Los Angeles.

The two Zeppelins being built in Europe are expected to fly across the Atlantic this summer and in all probability will be put into regular trans-oceanic passenger carrying service thereafter, according to Dr. Karl Arnstein, vice president in charge of engineering of the Goodyear-Zeppelin corporation at Akron.

**The German Ship**  
"The Zeppelin corporation in Germany expects to have the LZ-127 completed by May," Dr. Arnstein said, "and it will fly to this country in August. This ship will have such a margin of safety that it would be possible to make a non-stop flight with it from Berlin across both the ocean and the United States to San Diego, Calif. The other ship is being built by the Airship Guarantee Company, a subsidiary of the Vickers organization in England."

Many regular passenger lines are

being contemplated by airships interested in various countries, Dr. Arnstein asserted.

"The LZ-127, which is being built for a Spanish operating company," Dr. Arnstein explained, "will fly to the United States this summer and eventually run on regular schedule between Spain and South America."

"A line from England to Egypt, India and Australia is contemplated by English interests."

"I believe the two airships which we are to build for the navy will stimulate interest in the airship sufficiently to create a demand for an American owned passenger service by airship, first across the Atlantic, and later across the Pacific."

"A hundred passengers could be carried on a passenger airship of the same size as the navy dirigible. It would have such a margin of fuel that it could sail from New York to within sight of the French coast and return to New York without stopping."

**Margin of Safety**  
"Such a margin of safety would make the ship independent of weather condition. If the airship arrives at its destination and finds inclement weather or fog, it merely waits for good weather or the fog to lift."

## Good-Bye Corn!

**Lifts Right Off—No Pain**  
Doesn't hurt one bit. Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers.

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot callouses, without soreness or irritation.

## VETS OF NATION PAY TRIBUTE TO BRIG. GEN. HALE

Kansas City, Kan., April 4.—Veterans of Foreign Wars throughout the nation are preparing to pay tribute April 21, to Brig. Gen. Irving Hale, retired, one of the leading militarists of the United States, who founded the organization. Gen. Hale who is 67 years old, is at present a resident of Denver, Colo.

Orders have been issued through the National headquarters of the order here, by Commander Frank T. Strayer, of Indianapolis, calling on each post to make an extensive roundup of eligible service men, to become members of the organization on the night of April 21.

**Special Class**  
These men will be taken in as members of the Gen. Irving Hale class, a special class in honor of the famous general.

Gen. Hale organized the first chapter of the National Society Army of the Philippines, in Denver, Dec. 12, 1899. This society was changed to the Veterans of Foreign Wars, following the close of the war, so that it might serve a wider scope.

Gen. Hale is one of the few of that rank in history that have been cited for actual gallantry in action. He received such citation for personally leading his men in the assault on Manila, Aug. 13, 1898.

**In The Philippines**

Later he received a similar citation for his leadership against insurgent forces near Calumpit, Luzon, in the Philippines, April 25, 1899.

As a student at the United States Military Academy, from 1880 to 1884, Gen. Hale gained a record for

scholarship that has never since been touched. He was graduated at the head of his class as honor man of the institution. His grade of 2,070.4, out of a possible 2,075 for the four years, still stands as the highest grade ever attained by a student at West Point.

**PUBLIC LIBRARY**  
OPEN EVERY WEEK DAY  
FROM 9 A. M. TO 9 P. M.

## HAVE COLOR IN CHEEKS

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 23 years of study. Olive Tablets are a purely vegetable compound mixed with olive oil. Know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take nightly and note the pleasing results. Millions of boxes sold yearly. 15c, 30c, 60c. All Druggists.

## Announcing Salem's Newest And Most Modern Furniture Store

**REICHART FURNITURE COMPANY, Inc.**

COMPLETE HOME FURNISHERS

30-32 Main Street

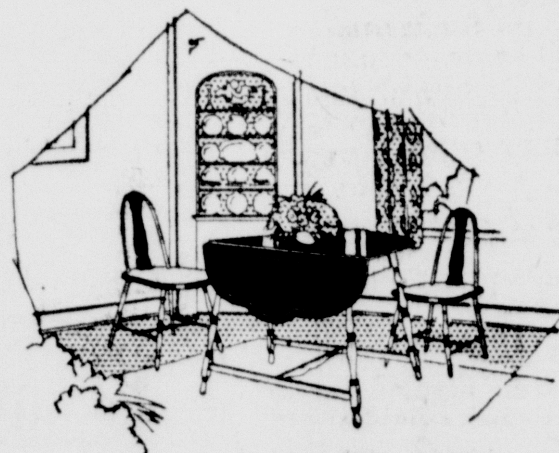

Salem, Ohio

Formerly National Furniture Co.

Reichart is coming to Salem! Reichart, the organization of great fame with stores in other cities and buying offices in the principal Furniture markets, is coming to offer its advantages to the people of Salem and Columbiana County.

Not altogether a new store—but an old store made NEW through its change of ownership, through vast improvements and a radical change in merchandising policy. Reichart Furniture Company Inc. is to be a Salem institution of SERVICE. Its aims and ideals are high—striving to gain patronage and favor of the community through distinctive SERVICE and VALUE-GIVING in Furniture of QUALITY.

During the past few weeks we have been holding a great Reorganization Sale to clear the store of all furniture carried in stock by the National Furniture Company. Since the close of this sale NEW stocks have been received which are now being marked and arranged in our display rooms. Carpenters, painters, decorators and electricians have been working day and night to get the new store ready for our Formal Opening which will be held in a few days. The old Speidel Building is being rapidly transformed into a place of beauty that will out-rival anything in the district. We urge you to watch for our daily announcements in this paper for news of the Opening date and make your plans to attend our "Party."

## New vivid colors! PAR-O-KEET the quick-drying lacquer

Furniture, floors and woodwork, metal surfaces, glass, toys, etc., can now be refinished to look better than when new with LOWE BROTHERS PAR-O-KEET LACQUER. And it dries within an hour.

Comes in many different shades. Brushes on easily and smoothly over old finish. Wears as well as varnish or enamel. Even hot dishes may be set upon it without injury.

Come in and get a color card.

Before you paint, see us
